DATED 4TH JULY, 1970

and Chief Rector, NRSC, University Campus, Jaipur.

Date : April 30, 1970

Minutes of the Special Meeting of the Rajasthan University Students' Consultative Council convened by the Patron vide Section 18 (b) of the Constitution for considering various Amendments to the Constitution of the Rajasthan University Students' Consultative Council, and held on April 9, 1970 in Room No. 5, Humanities Block.

I. Resolved unanimously to reject the revised version of the Constitution as approved by the University Syndicate on 2nd May, 1969, since it was felt that this Constitution does not materially differ from the existing Constitution.

II. It was the unanimous opinion of the members that the existing Constitution suffers from a number of basic and operational defects, as shown by its working during the last few years.

(i) It was felt that the leadership thrown up by indirect elections may not necessarily have the confidence and support of a large majority of the University Students. This built-in defect easily leads to alternative nuclei of leadership emerging during crisis-situations.

(ii) Further, it was felt that no office-bearer should simultaneously hold more than one office. If an office-bearer of a College/Departmental Association also holds an office in the Students' Consultative Council, work in one or the other or both tends to suffer.

(iii) It was also felt that the Non-Resident Students, Centre in the main University Campus should be run by the Students Council, and not by a separate committee, as at present.

These and other defects, it was generally felt, called for basic changes, in the Constitution. In pursuance of this feeling, the council, had, at its meeting held on 19th December, 1969 appointed a Constitution Amendment Sub-Committee. This Sub-Committee, after due deliberations and consultations, presented its conclusions and recommendations to the Council. These recommendations formed the main basis of the deliberations of the Council. (Cyclostyled copies of the Sub-Committee's report had been circulated among the members.

III. AMENDMENTS APPROVED :

(i) NAME : The name of the University Students' body in the Constitution, shall be changed to 'Rajasthan University Students Union' from the present 'Rajasthan University Students' Consultative Council' (adopted by 11 or and 1 against)

(2) JURISDICTION : The activities of the University Union shall be principally confined to the University Teaching Departments, University Constituent Colleges, University Studies and other Institutions directly administered by the University. It may, however, intimate, promote and co-ordinate efforts to form an all Rajasthan University and

College Students Union and co-operate with other University and/or College Students Unions in furtherance of students' interests.

3. Section 2(b) of the Constitution shall read as :—

1. The University Student's Union, shall

- (i) Concern itself with all matters related to the interest, well-being and all round development of the students of the University.
- (ii) Co-ordinate and organise such co-curricular and extra-curricular activities which the members may desire and which the Associations are unable to organise individually (such as U. N., Moot Session Youth Festival, Inter-Collegiate Debates Symposia, University Convocation Week and so on) or which may be better organised from a Central nucleus.
- (iii) run the Non-Resident Students Centre at the main University Campus;
- (iv) co-operate with other University/College students Unions and other students organisations, in furtherance of students unity and interests;
- (v) take steps to create in the student community as sense of partnership with other segments of University community, towards a healthy and dynamic life in the University;
- (vi) take steps for creating a consciousness in the student community of their duties, obligations and responsibilities towards the society, in general and the under-privileged sections of the people, in particular.
- (vii) It may initiate, promote and co-ordinate efforts to form an all Rajasthan University and College Students Union.

Note: The Association/Union or their Committees/Sub-Committees shall avoid all such activities as may be detrimental to the interest, prestige, honour, healthy traditions and peaceful life of the Institution/University.

 - (c) N.C.C. authoritise should be impressed upon to give more practice to the college teams for at least about a week to enable to raise the standard of the University team,
 - (d) if by chance the targets left unrepaired and this causes confusion in the next practice what should be the practice,
 - (e) no team should be allowed to participate if it not consisting of 4+1 competitors and warring F.S.M. with N.C.C. uniform (in this tournament the participating college sent only two competitors);
 - (f) every team should be accompanied by an In-charge and that too by an N.C.C. Officer (In this Tournament few teams were without In-charge);
 - (g) rules about the tournament should be sent to every college at least 15 days in advance.
- Resolved* that the proposal be deferred. The Secretary is authorised to seek clarification about the aforesaid proposals from the Inter University Sports Board and the Directorate of N.C.C.

(Shri S.M, Chaudhary,
observer, Inter-Collegiate
Shooting Competition,
1969-70).

- F. (i) That the equipment required for the games and conditions of the grounds should be checked before allotting tournament in these items. These tournament should be spilt up into two. Wt. Lifting and Body Building allotted to one College and Wrestling and Gymnastics be allotted to another College. Officiating in these items need a lot of improvement.

Resolved that efforts be made in this direction,

- (ii) One more wt. in the light class (Pin weight) the lowest may be introduced from the next year in Wt. Lifting.

Resolved that a proposal be sent to the Inter University Sports Board to include this item from the session 1970-71

(Shri S. P. Soni, Observer,
Inter-Collegiate Wt. Lifting,
Gymnastic, Wrestling, Best
Physique Competition, 1969-70).

- G (i) The Sports Board may bring out a list of materials required and technical specifications, may send to the Organising Institution from time to time.

This practice is already in force.

- (ii) In the selection committee, one of the co-opted members must be one of the managers of participating teams.

Resolved that the proposal be accepted and one of the senior managers be co-opted on the Selection Committee.

- (iii) Many items report to the organisers without their Managers. The University Board may please write to all the heads of the Institutions regarding the advisability of sending the teams only with managers. It is also obligatory according to the rules of the University for Inter-Collegiate Participation. They may also advise the managers to stay with the team at

the venue of the tournament and held the organisers in conducting the tournament smoothly.

Resolved that the suggestion be accepted.

- (iv) Teams which report at the venue of the tournament generally do not show any decorum and sincerity in participating in the inauguration and closing functions. These are as much a part of the game as the matches and also a part of academic, social and cultural life. The Board may also request the heads of the Institutions to advise their teams to cooperate with the host institution in making these functions successful and have training, in social and community living.

This item is already covered under item No. 4-c

(Shri B. M. Agarwal, Observer,
Inter-Collegiate Table
Tennis Tournament 1969-70).

- H. (i) The number of participating team is increasing every year in Kabaddi and Kho—Kho Tournaments, therefore, it is desirable that the Kho—Kho and Kabaddi Tournaments be organised separately to save the organisers from lot of botheration. It is always a problem to find officials for the matches for both the games which are played simultaneously to finish the tournament within the specified period.

Resolved that the present practice should continue.

- (ii) If possible, the tournament should be conducted on league cum knock out system. Two top teams from each group qualifying for the knock-out tournament which should be played from the quarter final stage.

Resolved that the suggestion be deferred.

(Shri P. S. Yadav, Observer,
Inter-Collegiate Kabaddi
and Kho-Kho Tournaments,
1969-70),

- I. (i) Next time only two competitions Wrestling Wt. Lifting and Gymnastic and Best Physique should be organised by one college otherwise it becomes a tedious job to properly handle all the four items together.

Resolved that present practice should continue.
Resolved further that the Secretary may seek the opinion of the Colleges regarding this suggestion.

- (ii) That pin Wt. must also be introduced in the Wt. Lifting as these days many competitors fall in this range of weight.

This items is already covered under item No. 5 F (ii)

- (iii) That Rs. 1200 00 is a meagre sum for these four competition to run properly at a college. The sum may be raised at least to Rs. 1600.00.

Resolved that the proposal be not accepted.

(Shri A.B.L. Saxena, Organising Secretary, Inter-Collegiate Wt. Lifting, Gymnastic, Wrestling & Best Physique Competition, 1969-70).

- J, (i) The students appearing at the Supplementary Examinations may be treated as a bonafied students of the College for purpose of games and sports

- (ii) They should not be debarred from participating in Inter-Collegiate Tournaments, if they are other-wise eligible to participate as students of the next class as well as the lower class.

Resolved that if the result of the Supplementary Examination is not declared before the Inter-Collegiate Tournaments Start, the student player who has appeared at the Supplementary Examination be allowed to participate in the Inter-Collegiate Tournament, provided that

even if he is treated as a failure at the Supplementary Examination, he remains eligible to become a bonafide student of the college, and he is also eligible under the rules to participate in the tournaments.

Note:—The above rule will apply only for the Supplementary in optional subjects. Supplementary in Compulsory subjects may be allowed to participate as 6 attempts are permitted in compulsory subjects to the T.D C. students

(Shri H.S. Saxena, Org. Secty.,

Tournament 1969-70).

- K. (i) Only qualified hands should be deputed with the team so that the problem of smooth supervision of the game may be solved. We felt heavily the dearth of qualified umpires.

Resolved that the Principals of the participating Colleges be requested to nominate only such teachers as Managers of the teams who are qualified to represent the game, Further resolved that the list of the qualified referees/ Umpires working in the colleges be prepared,

(Shri Jan Mohammad, Org. Secy.,

Appendix 'C'

Copy of letter No. F. 3 (20) Edu/III/70 dated the 16th June, 1970 from the Dy. Secretary to Government, Government of Rajasthan, Education (Cell III) Department to the Registrar, University of Rajasthan, Jaipur.

Sub.—Determination of Non-Plan Maintenance grants

I am directed to refer to the correspondence resting with your letter No. F. 2-107/66/13794 D, dated 21. 3. 1969 regarding the fixation of non-plan maintenance grant for the period 69-70 to 73-74 and to say that this question has been re-examined by the Government after the same was considered by the Co-ordination Committee of the three Vice-Chancellors of the Universities in Rajasthan and it has been decided that the non-plan maintenance grant may be released on block basis for the period 1969-70 to 1973-74. In case of University of the Rajasthan it has been estimated that all your maintenance grant needs would be more than met by a grant of Rs. 77 lacs for the base year of 1969-70 and thereafter a compound trend increase of 7% worked out on the basis of 6% on 80% grant and 10% or 20% grant). On that basis, the University will be entitled to the following amounts in the years shown against each:—

1969-70	Rs. 77.00 lacs
1970-71	Rs. 82.39 lacs
1971-72	Rs. 88.16 lacs
1972-73	Rs. 94.32 lacs
1973-74	Rs. 100.93 lacs

2. These grants will be subject to the following conditions :

- (1) That the work-load of teachers in the University will be 12 periods per week for Professors, 15 for Readers and 21 for Lecturers from 1. 7. 1970 onwards. With the introduction of the higher work load some posts would become surplus. The University would be free to utilise the surplus non-plan posts into plan posts subject to the prior approval of the State Government.

- (2) That the University will not incur expenditure on creation or continuation of posts (Non-plan) except those in position or created on, or before, 31. 3. 1968.
- (3) That the University will not change the scales of pay, allowances and other terms and conditions of service of its employees both teaching as well as non-teaching, as existing on 31. 3. 1968, except with the prior approval of the State Government.
- (4) That an expenditure incurred with the assistance of U. G. C., ICAR, Central Government or any other agency will require the prior approval of the State Government if the activity/scheme is to be maintained by the State Government after specified number of years.
- (5) That in case of curtailment or reduction of any existing activity, corresponding reduction in the grant shall be made.
- (6) That the University will take no decision which results in reduction in income of examination and other fees without the prior approval of the State Government.
- (7) That the rent and other recoveries to be effected from the University employees for houses and other facilities shall not be rated lower than that charged by the State Government from its employees for similar facilities.
- (8) That the accounts of the University shall be open for inspection and check by the officers of the Indian Audit and Accounts Department as well as of the State Government at discretion.
- (9) That any fixed assets acquired out of this grant shall not either be encumbered or disposed of in any manner without the prior approval of the State Government.
- (10) That by the end of September, every year the University shall furnish the State Government audited statements of Accounts.

- (11) That the University will be required to invest 5% of the block capital invested on machinery, equipment, costly scientific apparatus etc., as existed on 31. 3. 1968 every year to the replacement fund which should be kept outside the University account. The expenditure on replacement of machinery equipment of scientific apparatus shall be met out of the replacement funds so created and the balance, if any, may be invested Government securities or Unit Trust.

3. With the determination of the quantum of grants on the above scales and the conditions attached thereto it is expected that the University will have no occasion to run in deficits. In any case it is made clear that hereafter the State Government will not make good any deficits in future.

4. It has also been further decided to liberalise the mode of the payment of grants. The grant-in-aid will now be released on monthly basis for the first nine months and the last quarter's grant will be released in lumpsum. The State Government will authorise the Accountant General to release grant on monthly basis on the first of every month and the University will not be required to move the State Government every quarter for the release of the non-plan maintenance grant. The last quarter's grant will be released after the University has furnished the audited statement of the accounts of the previous year's grant and has also given certificate to the effect that the conditions attached to the grant have been fully complied with.

5. If the above conditions are acceptable to the University an intimation may kindly be sent to that effect to enable the State Government to issue necessary orders for release of grant-in-aid.

6. This issues in consultation with the Finance Department.

Resolved that (i) the request be not acceded to & (ii) Dr. U. M. Mathur may continue as Offg. Reader in Skin & V. D. till a suitable candidate with the requisite qualifications for the post is appointed.

(41) With reference to the Syndicate Resolution No. 44 date the 11th April, 1970 in connection with the appli

cation of Gandhi Teacher's Training College, Gulabpura for extension of provisional affiliation w. e. f. July, 1970, authorising the Vice-Chancellor to take such further necessary action in the matter as he deemed fit (including withdrawal of affiliation), the Registrar reported the following :

- (1) The deficiencies pointed out in the Inspection Report were vigorously pursued with the Management and on receipt of a report from the President of the Management Committee vide his letter No. GTC/5227/0-71 dated the 15th June, 1970 that a donation of Rs. 301/- which they had charged from each trainee had been refunded to them, necessary advertisements for the vacant teaching posts had been sent out to the papers and the posts would be filled up in the month of July, 1970 and the un-spent balance of the Library grants will be utilised during the session 1970-71, the Vice-Chancellor passed orders on 24th June, 1970 extending the provisional affiliation of the college for two units of 60 students each for one year i. e. for the B. Ed. examination of 1971 subject to the conditions that—(a) vacant posts of two Professors and four Lecturers shall be filled up by 15th July, 1970, (b) no donations/capitation fee or any excess amount whatsoever will be charged from the candidates directly or indirectly, (c) tuition and other fees will be charged strictly according to the norms laid down by the University, (d) the library grants will be provided and spent within four months and a compliance report sent to the University office latest by 30th September, 1970.
- (2) With a view to ensuring that no malpractices were adopted in making admissions, the Vice-Chancellor nominated S. D. O., Gulabpura as a member of

the Selection Committee for making admissions to the College.

- (3) A written complaint was, however, received by the Vice-Chancellor purporting to say that the College authorities were asking him to pay donation in connection with his application for admission to the College. The Vice-Chancellor deputed one of the Assistant Registrars of the University to pay a visit to the college and see things for himself and report. The Assistant Registrar visited the college on 22nd July, 1970 and it was found that the complaint was a spurious one. The Assistant Registrar's report, however, brought to light some other facts about which the Management had not sent any information to the University. These were-(a) the cash deposit of Rs. 10,000/- which was ear-marked towards endowment fund had already been withdrawn and spent, (b) another sum of Rs. 35,000/- which was in fixed deposits had also been spent so that there was no cash balance worth the name with the college and when the Secretary and the President of the Management were asked as to how they proposed to run the college during the current year it was told that they would immediately contact some business houses in Bombay, Calcutta, Madras etc. and raised substantial donations from them, and (c) except for a newly appointed Principal and one Professor who also joined on 9. 7. 1970, there was no teaching staff as the services of the teachers who were working during the last year had been terminated. The Assistant Registrar was told that they would appoint fresh staff by the end of the month of July, 1970.

- 4) Since 48 admissions had already been made by the Principal of the college by the time the Assistant Registrar had visited the college and the remaining 72 seats were proposed to be filled up by interviewing the candidates on 27th July, 1970, the Vice-Chancellor passed orders on 25-7-1970 (which were telegraphically communicated to the college) that the college shall not have more than one unit of sixty students and the deficiency in the teaching staff and the finances be made good immediately and a compliance report submitted to the University latest by 31-10-1970,
- 5) The Principal of the college vide his letter No. GTC/70-71/375 dated the 27th July, 1970 requested that the college be allowed to continue with two units one each of sixty students in view of the fact that admissions had already been completed in both the units, but the request of the Principal was, however, not accepted by the Vice-Chancellor.

Resolved that (i) the Registrar's report be recorded and (ii) the action taken by the Vice-Chancellor be confirmed.

42) With reference to the Sydicate Rs. No. 45 dated the 11th April, 1970 in connection with the application of Nehru College of Education, Hindaun City for extension of provisional affiliation w. e. f. July, 1970, authorising the Vice-Chancellor to take such further necessary action in the matter as he deemed fit (including withdrawal of affiliation) the Registrar reports the following :—

- 1) An Inspection Committee was appointed by the Vice-Chancellor to make a local enquiry and report. The Inspection Committee did not recommend extension of affiliation on the grounds that the

State of affairs in the college was bad in as much as the minimum requirements laid down by the University remained unfulfilled, there was no Principal practically for whole of the session, there was no Librarian, there was no P. T. I., staff position was fluid, Several teachers did not fulfil the minimum qualifications prescribed by the University, the position of the endowment fund was not satisfactory, library and games facilities were not satisfactorily provided, the college building was inadequate, proper accounts were not maintained so that the possibility of charging excess amounts from the students could not be ruled out, the entire show was run by the Secretary Shri Om Prakash who had got himself enrolled as a regular student also of the college and was marked present though he did not attend classes for which reason he had to be detained from appearing at the examination, etc. etc.

- 2) As per recommendation of the Inspectors, extension of affiliation for the session 1970-71 was not granted by the Vice-Chancellor and the college was informed accordingly. A representation was made by the Secretary of the College which was rejected as it did not contain any new point deserving consideration. The teachers and other staff of the college also submitted a joint representation for sympathetic consideration in view of the fact they would be thrown out of employment at such a late stage when they would not be able to seek jobs elsewhere.
- 3) Ultimately, the President of the Management Committee Shri Kanhaiya Lal Tewari vide his letter dated the 29th July, 1970 requested the Vice-

Chancellor for extending the provisional affiliation of the college for one year on the basis of the following facts and assurances given by him in his letter cited above :—

- a) That he has appointed an Enquiry Committee consisting of three members including the Principal of the college to go into the whole affairs of the college including the irregularity committed by the Secretary.
 - b) That the Secretary, Shri Om Prakash Sharma has been dis-associated with the working of the college till the findings of the above Committee are complete, and
 - c) He has authorised the Principal to look into every detail of administration in consultation with the staff council of the college and keep him informed of the things.
- 4) Simultaneously, the members of the staff council of the college including its President who is the Principal of the college submitted a memorandum dated 29th July, 1970 assuring the Vice-Chancellor that—(i) they will not allow repetition of irregularities in the working of the college, (ii) no capitation fee will be charged from the students, (c) no mess charges will be realised from the students who are not residing in the hostels, (d) they shall provide for all facilities required for the smooth teaching and will make sincere efforts to improve the atmosphere of the college and (e) they shall look after the administration of the institution under the consultation of the Staff Council, and requesting for extension of affiliation for one year from July, 1970.

5) In view of the above assurances from the President of the Management Committee and the staff Council of the college, the Vice-Chancellor decided to extend the provisional affiliation of the college for the session 1970-71 subject to the following:—

- A) The assurances given to the Vice-Chancellor are carried out immediately.
- B) All the conditions of affiliation are fulfilled and a condition-wise and categorical compliance report is submitted to the University latest by 31st October, 1970.
- C) It is ensured that adequate teaching staff duly qualified according to the qualifications laid down by the University a duly qualified P. T. I. and a Librarian is provided immediately (the teacher-pupil ratio for 2 units of 60 students each is 1 : 12 excluding the Principal and including two Professors), and
- D) The report of the three-member Enquiry committee appointed by the President of the College as mentioned in the letter is furnished to the University within a period of one month.

Resolved that (i) The Registrar's report be recorded and
(ii) the action taken by the Vice-Chancellor be confirmed.

43) With reference to the Syndicate Res. No 46 dated the 11th April, 1970 in connection with the application of Jawahar Lal Nehru Teachers Training College, Kota for extension of provisional affiliation w. e. f. July, 1970, authorising the Vice-Chancellor to take such further necessary action in the matter as he deemed fit (including withdrawal of affiliation) the Registrar reported the following : —

- 1) The Management was asked to—(a) take immediate steps to refund the donations reported to have been charged from several students indirectly through their relatives and acquaintances, (b) improve the living conditions in the hostel by getting the building repaired and white-washed, fixing doors to lavatories and appointing necessary class IV staff for the hostel.
- 2) The management reported that a press notification had been sent out by them which appeared in Rajasthan Patrika in its issue of 23rd June, 1970 stating that those donors who felt that they had not paid the donations voluntarily and donated the amount under pressure in connection with the admission of his candidate to the B. Ed. course, should apply for refund of donations within a week. It was further reported by the Management that necessary repairs and white-washing etc. had been carried out in the hostel building as desired by the University.
- 3) The Vice-Chancellor deputed Prof. S. S. Dubey of Government College, Kota to pay a visit to the college and give a report to the University. Accordingly, Prof. Dubey visited the college and confirmed the statements given by the Management.
- 4) On the basis of the above, the Vice-Chancellor by his orders dated 7th July, 1970 extended the provisional affiliation of the college for one year with effect from July, 1970, subject to the following (a) no extra amount/fees/donations etc. shall be charged from the students, (b) all the remaining conditions of affiliation shall be carried out and a report of compliance submitted to the University by 15th September, 1970. Besides, the Vice-Chance-

ellor also nominated Prof. S. S. Dubey failing him (Mrs.) Swarnlata Agarwal of Government College, Kota as a member on the Selection Committee of the College for making admissions to the B. Ed. class for the session 1970-71.

Resolved that (i) the Registrar's report be recorded and (ii) the action taken by the Vice-Chancellor be confirmed.

- (44) With reference to the Syndicate Resolution No. 46 dated the 16th May, 1970 revising the tuition fees in the light of the increase of fees suggested by the State Government in consultation with the Coordination Committee of the Vice-Chancellors of the three Universities in the State and the State representatives, the Registrar reported receipt of an order No. F. 24 (24) Edu/C/VI/68 dated the 24th July, 1970 from the Commissioner and Secretary to the Government of Rajasthan, Education (Cell VI) Department to the effect that in partial modification of the Education Department's earlier order of even number dated the 23rd June, 1970 the Governor had been pleased to order that no tuition fee would be charged from the girl students whose parents' income was below Rs. 10,000/-per annum.

Resolved that the report be recorded.

45. The Syndicate considered the following two proposals of Prof. K. L. Varma, Member-Syndicate as contained in his letter No. Jy-U-26 dated the 26th July, 1970:—
- (1) The Syndicate may consider the desirability of laying down rules governing examination of a thesis of a research candidate who happens to be a relative of the guide. Such a guide should have

no hand whatsoever in recommending a panel of examiners of the thesis (This proposal, if the Syndicate so approves, may be sent to the Research Board).

- (2) The Syndicate may consider the desirability of laying down rules so that a member of Selection Board/Committee does not find a place thereon if one of the candidates for interview happens to be related to him.

Resolved that proposal No. (1) above be referred to the Research Board for consideration and as regards proposal No. (2) the Syndicate was of the view that the members of a Selection Committee should intimate the Chairman before the interviews start whether any candidate happened to be related to them.

46 With reference to its Resolution No. 40 dated the 4th July, 1970 under which the Syndicate had confirmed the action taken by the Vice-Chancellor in allowing the proposed Shekhaji Teachers Training College, Jaipur to submit a compliance report upto 15th July, 1970 in respect of the deficiencies pointed out by the Inspectors, the Registrar reported the following.

- (1) The Secretary of the proposed college vide his letter No. 976 dated the 12th July, 1970 submitted a detailed compliance report which was prima-facie satisfactory. The Vice-Chancellor appointed the same Inspectors to re-inspect the college, check up the compliance report and make their recommendations. After re-inspection, the Inspection Committee recommended provisional affiliation of the college for one year subject to fulfilment of certain conditions. Besides, a written undertaking was also given by the President of the Management to the effect that all the condition-

ons would be fulfilled upto 31st October, 1970 (vide his letter No. 1007 dated 1st August, 1970).

- (2) On the basis of the above, the Vice-Chancellor Committee passed orders on the 4th August, 1970 (the Vice-Chancellor being not in station) granting provisional affiliation to the proposed Maharao Shekhaji Shiksha Mahavidyalaya, Jaipur for B. Ed. standard (for one unit only not exceeding 60 students) for one year i. e. for the session 1970-71 only, subject to the following:—

- (i) Admission of students shall be completed latest by 7th August, 1970.
- (ii) Shiksha Shastri College and its attached hostel is shifted to some other place latest by 31st Oct., 1970 and compliance report made to the University soon there - after
- (iii) The minimum requirements laid down by the University for one unit of sixty students for B. Ed standard and the remaining construction work shall be completed a report submitted to the University by 31st Oct., 1970.
- (iv) The college shall charge tuition and other fees according to the norms laid down by the University and shall not charge in any form whatsoever directly or indirectly any excess amount/ capitation fee/ donations from the students.
- (v) Women students shall not be lodged in the same hostel as is meant for men students.
- (vi) The college shall be re inspected by the Inspectors appointed by the University for the purpose after 31st October, 1970.

Resolved that (i) the Registrar's report be recorded and (ii) the action taken by the Vice-chancellor committee be confirmed.

(47) With reference to the Syndicate Resolution No. 40 dated the 16th May, 1970, the Registrar reported that (i) as desired, another meeting of the Committee (appointed vide Syndicate Res. No. 47 dated 1/2 nd May, 1969 for examining the report of the work study team in respect of the University Central Office) was convened on 17th July, 1970 under the chairmanship of the Vice-chancellor (ii) the report of the committee dated 19th Jan 1970 together with the proposals of the office in respect of the minimum staff requirements were thoroughly discussed and (iii) final recommendations were contained in a note duly approved by the Vice-chancellor.

Resolved that consideration of the recommendations of the Committee together with the note cited above be postponed.

(48) The Syndicate considered a letter dated the 5th August, 1970 from Shri D. C. Swami regarding the problem of admission of students to different faculties in the University and the suggestions offered by him to solve the problem Viz., (a) the admission (b) the strength of sections be increased from 60 to 100 in each faculty, (c) the students be permitted to appear privately in the examinations of the Faculty of Arts and (b) the hostel facilities be increased commensurate with the growing number of students.

In this connection the Vice-Chancellor apprised the Syndicate of the actual position by giving facts and figures of admissions made and number of students who could not be admitted (though eligible), which revealed that the problem was not quite as serious as had been made out (ii) the raising of the strength of a section from 60 to 100

was not feasible for obvious considerations of space, etc. (iii) the question of allowing candidates to appear at the various examinations of the University as private candidates was already in his mind and was going before the Academic Council for consideration at its emergent meeting scheduled to be held on the 20th August, 1970, and (iv) University had already decided to construct one more men's hostel during the Fourth Plan period, and added that the University was quite alive to the needs of the students and was taking energetic steps in that behalf.

Resolved that in view of the information given by the Vice Chancellor the matter called for no further action.

(Section 'B')

(i) Orders dated the 25th July, 1970 to the effect that since (i) there was a proposal from the NCERT for changing the scheme of B. Sc. B. Ed. Examinations, (ii) there were some deficiencies in the scheme and courses recommended by the Boards of Studies for the B. Sc. (Pass) B. Ed. and B. Sc. (Hons.) B. Ed. REF : SYNDICATE RESOLUTION No.6 DATED
14TH AUGUST 70

Reg : Case of Mrs. Pathak.

The case of Mrs. Pathak is governed by the provisions of Rule 4, Sub clause (ii) of the University Hand-Book Part-II, p. 709 Since Mrs. Pathak completed five years service in the University, she was eligible to the grant of lien on the post held by her in the University for a period of one year. Under the Said Rule, the teacher would be deemed to be on leave and during this period she would not be entitled to any salary.

This is an extra privilege which has been granted to the teachers who have rendered 5 years service or more to the University. This privilege can not be claimed as a matter of right and the matter lies within the discretion of the University. It is expected that unless there are special circumstances, the discretion would normally be exercised in favour of the teacher concerned. The University having once exercised that discretion is bound by it.

It was at Mrs. Pathak's discretion whether to join the University service or not after the expiry of one year's lien. Her services could automatically come to end after the expiry of the said period and no notice under such circumstances is required to be given by either side. On the expiry of one year's period, of lien, either she reverts back to her original post or else would lose all the privileges which are available to the permanent employees of the University. Thus the interpretation put by Office is not correct and no notice is necessary from the side of Mrs. Pathak.

The Coordinator informed that the distribution of work for the year has been made. It is hoped that a slight increase in the workload would be accommodated in the time-table of the respective Departments. For more efficient teaching, it was re-iterated that reading material should be continuously prepared and revised. If it has not been possible to collect material for the whole Book, Chapters which are ready should be cyclostiled and made available to the students and the teachers.

As far as possible, the Coordinator should try to arrange for some adhoc lectures from time to time to supplement the conventional teaching in the class-rooms.

A Committee of the Heads of the Departments of the following subjects alongwith the Coordinator of General Education may serve as a Consultative Body :

1. History.
2. Pol. Science.

The Coordinator of Gen. Education should be invited in the meeting of the Academic Council when the agenda includes items on Gen. Education.

Note of Dissent : Dr. Om Parkash, University Professor and Dean of the Faculty of Commerce, dissented from the schemes suggested for the M. Com. Examination in various Groups. These schemes, in his view, treat the Faculty of Commerce as a single department and run counter to the decision of various University bodies to have three Departments (in terms of the circular dated 6th June, 1969) Dr. Om Parkash was strongly opposed to the idea of creating a *built-in* dependence of one Department on other Department (s) with regard to post-graduate course. In his view, under the existing set-up of the University of Rajasthan, a Post-graduate Teaching Department could not academically justify its existence unless it was able to offer an independent course for Master's Degree (s). Each Department must accept full academic responsibility for a particular set of students who are

admitted to the post-graduate Courses in that Department. Any scheme which is opposed to this fundamental Pre-requisite would be academically unsound and administratively unworkable. If such a scheme is imposed on any post-graduate teaching department against sound canons and healthy traditions of academic autonomy, it might mean not only an act of great injustice to that discipline (prejudicial to its healthy growth) but also an era of perpetual strife much to the detriment of the student community. The so-called interdisciplinary approach can be based only on voluntary cooperation between various post-graduate teaching departments and not on the strait-jacket schemes of M. Com. examination suggested in Para 6 of the minutes of this meeting.

vities at the International level may be exempted from the operation of the restriction of securing minimum marks at the qualifying examination.

(3) With reference to Ordinances Nos. 203, 221 and 243 of the University Hand Book Part-II according to which a candidate after passing the B. A., B. Sc., or B.Com. examination is permitted to appear in a subsequent year in an additional optional subject, the Council *resolved to recommend* that the above facility be also extended to the candidates of the Honours courses and they be also similarly allowed to appear in an additional subsidiary subject.

Resolved further to recommend that the following consequential additions and/or alterations to the relevant Ordinances be made :

0.203 : *Substitute*—"B. A. (Pass or Honours), B. Sc. (Pass or Honours), B. Sc. (Ag.) or B. Com. (Pass or Honours) 2 for B. A., B. Sc., B. Sc. (Ag.) or B. Com." in the first two lines of the Ordinance.

0,221 : *Substitute*—"B. Sc. (Pass or Honours)" for "B. Sc." in the first line of the Ordinance

0.243 : *Substitute*—"B. Com. (Pass or Honours)" for "B. Com.," in the first line of Ordinance.

(4) With reference to the Academic Council Resolution No. 33 dated the 21st April, 1970, amending 0.86 of the University Hand Book Part-II so as to fix the last date for admission to all courses of study as 31st July instead of 7th August, the Council *approved* the following consequential amendment in 0.83 A, 0.198 (1) and Rules Nos. 7, 7A, 10 and 48 of the Pre-University Examination Rules :—

Substitute—"31st July" in place of '7th August' in the first sentence of 0.83A, 0.198 (1) and Rules Nos. 7, 7A, 10 and 48 of the 'Pre-University Examinations Rules'.

(5) The Council considered a proposal of Shri P. C. Jain, Principal B. V. College of Arts and Science, Banasthali Vidyapith as contained in his letter No. CAS/319/69-70 dated the 4th June- 1970 to the effect that the words-including unsatisfactory performance at the tests and term-end examinations" be inserted between the words-'negligence of work' and 'the Principal of an affiliated college' in 0.88 of the University Hand Book Pt. II.

Resolved that since the term 'persistent negligence' was comprehensive enough to take care of the amendment proposed by Principal Jain it was not necessary to incorporate the aforesaid words in the Ordinance.

Resolved further that a circular letter be sent to all the Heads of the Institutions enjoining upon them the desirability of giving a reasonable opportunity to a student for explaining his/her behaviour, before taking action under 0.88.

(6) With reference to the Academic Council Res. No. 3 (iv) dated the 13th Feb., 1970 agreeing in principle to the institution of the post-graduate course in Ayurveda leading to the degree of "Ayurveda—Vrahaspati" and authorising the Vice-Chancellor to appoint an expert committee to work out a detailed scheme and syllabi and recommend minimum qualifications for teachers and minimum requirements and equipment etc. for starting the course, the Council considered the recommendations dt. 25th April, 1970 made by the Committee appointed by the Vice-Chancellor.

Resolved that the aforesaid recommendations of the Committee be referred to the Board of Studies in Ayurveda and the Faculty of Ayurveda for consideration and suggesting— (i) definite proposals regarding consequential amendments to the relevant Statutes, Ordinances and Regulations of the University Hand Book Pt. II and (ii) a complete list of minimum requirements/equipment for running the aforesaid post-graduate course.

(7) In view of the growing number of college going students and the consequent over crowding in colleges, the Council considered the possibility of allowing candidate to appear at the various examination of the University as private candidates.

Resolved that a Committee consisting of the following members be appointed to consider the above question and all allied matters and report to the Council at its next meeting :

- (1) Prof. R. C. Mehrotra (Convener)
- (2) Prof G. C. Pande
- (3) Dr. P. N. Mathur
- (4) Prof. Om Prakash
- (5) Prof G. C. Patni
- (6) Prof Daya Krishna
- (7) Prof. G S. Sharma
- (8) Prof. Raj Krishna
- (9) Shri Ziauddin Khan
- (10) Dr. R. G. Sarien
- (11) Shri U. S. Gour.

[8] The Registrar reported that the B. A. [Hons.] Pt. II examination, 1970 was conducted according to two schemes i. e. [i] according to the scheme prescribed for the examination of 1970 for fresh candidates and [ii] according to the scheme prescribed for the examination of 1969 for failures as there were major changes in the two schemes.

In this connection the Council considered whether one more examination be conducted according to the scheme prescribed for the examination of 1969 for candidates who again failed in 1970 [5. in number]

Resolved to recommend that the aforesaid failures be examined according to the scheme of examination in force.

[9] With reference to the Academic Council Res. No. 30 dated the 29 October, 1969 recommending that a candidate who already possessed a Bachelor's degree of some other University and sought admission to the Bachelor's Degree course of the University in some other Faculty, be allowed to do so and admitted to the 1st Year of the Course subject to his being otherwise eligible for admission, the Council considered a proposal made by the Director, University Institute of Correspondence Studies, Jaipur vide his letter No. 33721 dated the 31st July, 1970 to the effect that such candidates be deemed eligible for admission to the Second Year T. D. C. Class instead of First Year T. D. C. class on the following grounds:

- (i) According to 0.86-4 of the University Hand Book Pt. II a candidate passing the 1st Year T. D.C./-Intermediate Examination from a recognised University/Board is considered eligible for admission to the second year T. D. C. class subject to the condition that he appears at and passes the 1st Year T. D. C. Examination of the University in such compulsory and optional subjects as were not covered by him at the Intermediate/1st Year T. D. C. examination but which he offered in the Second Year T. D. C. class and are prescribed for the 1st Year T. D. C. Examination of the University, and
- (ii) It will be an anomalous position that a Bachelor's Degree holder is denied the facility of admission to the 2nd year T. D. C. class when the same facility is available to those who have passed the 1st Yr. T. D. C. or the Intermediate examination.

Resolved that consideration of the aforesaid proposal be postponed to the next meeting of the Council when the office should put up a detailed explanatory note on the subject and (ii) in the meanwhile admission to the Correspondence course for the B. Com. examination be made on the basis of the old Rules.

(10) The Council considered whether candidates be permitted to improve their percentage of marks also at the various examinations of the University.

In this connection it was reported that according to the existing Ordinances a candidate could re-appear to improve his performance at the First Year T. D. C./Second Year T. D. C./Previous examination of M. A. M. Sc. and M. Com. and to improve his division at the Final Year examination of B. A., Bsc, Bcom. M A., Msc. and M. Com and that in the case of the final year examination the marks obtained by a candidate who did not improve his division were communicated to him through an official letter.

Resolved to recommend that all the Heads of the Institutions be informed that, while making admissions, the higher of the two performances of such a candidate be taken into account.

(11) The Council considered the following two proposals of Dr. R. G. Sarin, Head of the Department of Business

Administration, University School of Commerce, Jaipur as contained in his letter No. 182 dated the 10th August, 1970 :

- (i) The failures of Third Year Examination of 1970 be given one more chance according to 1970 scheme and be allowed to sit for the Examination in 1971 according to the same schemes.
- (ii) The failures of second year Commerce and Science of 1970 Examination should be given one more chance at the 1971 examination to appear according to the scheme in which they appeared at the 1970 examination and failed.

In connection with the proposal No. (i) above the Registrar reported that a reference had been made to the Conveners of all the Boards of Studies in the Faculties of Arts; Science and Commerce seeking their advice whether there was any material difference in the syllabi prescribed for the final year T. D. C. examinations of 1970 (conducted according to 1967 and 67 (revised) editions of the syllabus) and 1971 (to be conducted according to 1968 edition) and if so, whether separate question papers could be set or a common question paper with alternative questions could also do, and that the replies from the Conveners were awaited.

As regards proposal No. (ii) above, it was brought to the notice of the Council that on the advice of the Dean, Faculty of Commerce a circular letter had already been issued to all the Institutions that failures of the Second Year T. D. C. Commerce Examination of 1970 or an earlier year would be examined in 1971 according to the scheme and syllabi prescribed for the examination of 1971 as contained in the 1969 edition of the syllabus, and that regarding 2nd year Science, a reference had been made to the Dean, Faculty of Science whose reply was awaited.

Resolved that the Vice-Chancellor be authorised to pass necessary orders in consultation with the Conveners/Deans concerned.

(12) Pending receipt of the full minutes of the special meeting of the Faculty of Commerce held on 18/19th August, 1970 from the Dean, the Council *considered Resolution No. 7*

of the Faculty (*vide Appendix 'A'* as requested by the Dean, vide his letter No. R-38 dated 20th August, 1970.

In this connection the Council also considered the draft amendments to the relevant Ordinances and Regulations of the University Hand Book Pt. II as suggested by the Dean as per authority given to him by the Faculty (*vide Appendix-'B'*).

Resolved to recommend that the recommendation of the Faculty together with the draft amendments to Ordinances Nos. 66-A, 54.55 and Regulation 20 as suggested by the Dean be approved.

The meeting ended at 5.45 p. m, with a vote of thanks to the Chair.

I. The Faculty considered the following representations from the students of the various Medical Colleges affiliated to the University :—

- (i) Representation dated 14.8.1970 from some office bearers of the Students' Unions in the various Medical Colleges received by the Dean, Faculty of Medicine & Pharm. and forwarded by him to the University vide his letter No. 16067/MC/GS/70, dated the 18th August, 1970 containing the following requests :—
 - (1) Three attempts in Final Year M. B. B.S. examination (December, March, June and Sept.)
 - (2) Specific division of course and its clarification by the University for the subjects in which there are two papers.
 - (3) Minimum gap of 46 days after declaration of result and between supplementary examination of First M. B. B. S. examination.
 - (4) Declaration of results within 10 days after Practical examinations are over
 - (5) Internal assessment system of examinations should be abolished.
- (ii) Representation of the Final M. B. B. S. students of Sardar Patel Medical College, Bikaner forwarded by the Principal, vide his endt. No. 10583 dated 22.7.70, requesting that there should be

- four examinations for the Final M. B. B. S. in a year—in December, March, June and September.
- (iii) Representation dated 2.9.70 of the Vice-President and General Secretary of the R. N. T. Medical College Student Council, Udaipur, saying that they did not agree with the request for abolition of internal assessment system.

After full deliberations, the Faculty made the following recommendations on the aforesaid request of the students :—

- I. The request No. 1 regarding four examinations in a year for Final M. B. B. S. be not accepted and status-quo be maintained for the following reasons expressed by the Faculty :—

- (a) The University conducted two examinations for the Final M. B. B. S. in the months of March–April and October before the National emergency was declared. It was only during the National emergency that it was decided to hold three examination in a year for the Final M. B. B. S. examination vide Faculty Resolution No 6 dated March 3, 1963, The three examinations were started during the months of April, June and October from 1963. At the time of National emergency in the country it was necessary to produce more doctors, particularly for recruitment in the Army This University, therefore and several other Universities, started holding three examinations in a year. This procedure, although was adopted to meet the emergency, affected to teaching programme and efficiency and the standard of examinations. Therefore, when the conditions arising out of the National emergency improved, the Faculty decided vide its Res. No. 3 (ii) dated March 9, 1966 that the Students joining the M. B. B. S. course with effect from the session beginning from July 1966 will have two examinations for the final M. B. B. S.—one in the first week of December 1970 and another in the first week of May 1971 and the same schedule should be followed in the

subsequent academic sessions, The Secretary of Medical Council of India vide his letter No. MCL13(3)/67—Med/11206 dated September 30, 1967 also intimated that the National emergency was over and the Universities may revert to the bi-annual examinations for the M. B. B. S. degree. Accordingly, almost all Universities in India have reverted to the system of two examinations for the M. B. B S degree.

- (b) The members of the Faculty clearly expressed the view that multiplicity of examinations in a year adversely affects the entire teaching programme and the standards.
- (c) The University makes rules and regulations in order to help in maintaining proper standard of teaching and examinations. More than two examinations in a year do not leave a reasonable time for a student to make up the deficiencies.
- (d) Appointments to house jobs are usually made in January and July so that even if a student passes the Final M. B. B. S examination during the interim period, he has to wait for the house-job.
- (e) More than 2 examinations are not provided in any other Faculty of the University of
• Rajasthan.

- II. The request No. 2 regarding specific division of course be accepted and the Board of Studies in Medicine be asked to give specific division of the subjects-paper-wise wherever more than one paper is provided in the M. B. B. S. courses.

Recommended further that (i) such a division of syllabus for papers be done for all the M. B. B S. examinations to be held in future i. e. to say for December 1970 and onwards, and (ii) the Vice-Chancellor be requested to accept the recommendations of the Board direct under his emergency

powers so as to make the same effective from the examinations of December, 1970.

- III Request No. 3 regarding minimum gap of 45 days between the declaration of result of the December examination and the commencement of the February examination for the First M. B. B. S. be accepted. The date of commencement of First M. B. B. S. examination in the month of February be accordingly adjusted and necessary amendment in 0.267 be also made.
- IV. Resolved to recommed that all efforts be made to expedite the practical examinations and that the results be declared within 10 days of the receipt of the results by the University from the various medical colleges in Rajasthan.
- V. Regarding request No.5 in respect of internal assessment, relevant R. 24-A be re-worded so as to read as follows and the same brought into force with immediate effect with the approval of the Vice-Chancellor under his emergency powers:—
- R. 24-A: 25 per cent of the total marks in Theory, Practical and/or Clinical prescribed in a subject for the University examination shall be allotted for periodical assessment which shall be conducted from time to time by the various Departments in the affiliated Medical Colleges concerned. Such periodical assessment will be done in Theory, Practical and/or Clinical. The periodical assessment of the remanded students will also be done in a similar manner before the University examination in the subject. The Head of the Deptt. concerned will notify the marks obtained in the assessment to the students and also communicate the same to the Principal of the college who will forward them to the Internal Examiner before the commencement of the University Practical examination in the subject.

(2) The faculty considered a letter No. F. 29 (22) MPH/70/Gr. II, dated 17.7.1970 received from the Dy. Secretary to the Government, Medical & Public Health Department, Rajasthan, Jaipur, regarding the establishment of a mobile hospital with 50 beds to be made as 'CHITTARANJAN MOBILE HOSPITAL' attached with the Medical College, Udaipur, under the Scheme of C.R. Das Centenary Celebrations together with the remarks of the Dean as contained in his letter No. 16088/M.C/GS/70 dated 19.8.1970.

Resolved that the State Govt. be informed that the establishment of a Mobile Hospital under C.R. Das Centenary Celebrations was welcome proposal and the University had no objection to attaching the proposed Mobile Hospital with the R.N.T. Medical College, Udaipur.

(3) The Faculty postponed consideration of letter No. 3494/70 dated the 1st April, 1970 from the Principal, Jawahar Lal Nehru Medical College, Ajmer regarding minimum percentage of attendance required for appearing at the M. B.B.S. examinations as desired by Dr. S.K. Sharma vide his letter dated 28.8.1970.

The meeting ended with a vote of thanks to the Chair at about 4.30 p.m.

(1) With reference to the Academic Council Resolution No. 7 dated 20th August, 1970 the Council considered the recommendations dated 10.9.1970 of the Committee appointed by it to consider the possibility of allowing candidates to appear at the various examinations of the University as private candidates and all allied matters. (*Vide Appendix I*)

In this connection the Council also considered (i) a letter No. 1656 dated 12.9.70 from Prof. Daya Krishna (ii) Note of dissent of Dr. Om Prakash, (iii) letters No. 1105/MB dated 19.9.70 and No. 1124/MD dated 22nd September, 70 from Dr. G. After discussing the report of the Committee at length and after considering all the pros and cons of the question the Council unanimously *resolved to recommend* that in view of a number of unfilled seats in post-graduate classes in various Colleges affiliated to the University and a number of graduate-applicants having been unable to fill them as per the conditions laid down in paragraph 1 of Ordinances Nos. 211, 234 and 248 (in respect of admissions to M. A., M. Sc. and M. Com. examinations) of the University Hand Book, Part II, prescribing the minimum percentage of marks for admission to a post-graduate class, (i) the condition regarding minimum percentage of marks to be obtained by a candidate at the qualifying examination be relaxed for the academic session 1970-71, (ii) such students as are benefited by this relaxation be allowed admission upto such date as may be fixed by the University taking into consideration the factor that the institutions will remain closed on account of Dusehra break from 1st to 16th October, 1970, and (iii) the attendance of such candidates be counted from the date of admission.

(2) The Council considered the recommendations of the Faculty of Medicine and Pharm. made at its emergency meeting held on 4.9.70 (*Vide Appendix VII*)

Resolved to recommend that the recommendations of the Faculty be accepted and R-24A as rewarded by the Faculty vide its Resolution No. 1—V be given effect to from the M. B., B. S. examinations of December, 1970.

“O. 267—There shall be the following 3 examinations which will commence from 1st (in case 1st happens to be a holiday, from the next working day) of the months noted against each, except that the date of commencement of the First M. 2. Second M. B. B. S. Examination — May & December
3. Final M. B. B. S. Examination — May & December

N B. :—There shall be no Supplementary Examination for the candidates failing in any of the above Examinations.

3. With reference to its Res. No. 27 dated 21.4.70 approving of the introduction of a new Ordinance 157 (A) regarding the re-checking/re-examination of answer-books, the Registrar reported that

- (i) the decision had been implemented with effect from the examinations of 1970. As a result, 501 applications had been received so far for the re-examination of results and
- (ii) cases of about 300 candidates had been disposed of so far and in some cases the division of candidates had improved, failures had passed or they had been declared eligible for supplementary examination.

In this connection the Council considered the question of admission to a higher class in the case of candidates who had been declared as passed as a result of re-examination.

ion and the question of holding another supplementary examination for those who had been declared eligible for the same.

No. 7 dated 18/19th August 1970 of the Faculty of Commerce and the draft amendments to the relevant Ordinances and Regulations of the University Hand Book Part II suggested by the Dean as per authority given to him by the Faculty, the Council considered further amendments to Ordinances 47, 65 and 141 B of the University Hand Book, Pt. Resolved to recommend that the aforesaid amendments to Ordinances as suggested by the Dean be approved.

5. With reference to Syndicate Resolution No. 12 dated the 16th May, 1970 the Council considered the following proposal of Professor K.L. Varma, Member Syndicate, is contained in his letter No. Y 3 dated the 25th April, 1970 and observed that no action was necessary in view of the amendments to ordinances recommended *vide* foregoing resolution No. 4.

“The academic council may be requested to propose for consideration of the Syndicate, an amendment to 0.141-B consistent with its recommendation, lately made for three Departments in the Faculty of Commerce of the University so as to avoid un-necessary complications that may arise in its absence.

Most of the teachers, it may be pointed out, are not qualified according to the present Ordinances for the three departments (not branches of Commerce) of the Faculty of Commerce of the University of Rajasthan.”

6. The Council considered letter No. nil dated 25th September, 1969 from the Dean, Faculty of Ayurveda suggesting that Ordinance 329 N 9 as amended by the Board of Studies in Ayurveda vide its Resolution No. 3 dated 5th September, 1969 approved by the Faculty of Ayurved vide its Resolution No. 2 dated the 6th December, 1969, and subsequently passed by the Academic Council and the Syndicate be made applicable with effect from the Second Ayurvedacharya Examination of June, 1970.

Resolved to recommend that the aforesaid suggestion of the Dean be accepted.

7. The Registrar reported receipt of the following proposal from Prof. Daya Krishna, Convener, Examination Reforms Committee vide his letter No. nil dated 24th September, 1970.

“The Academic Council may consider the recommendation of the Examination Reforms Committee with respect to the scheme A of the Alternative Schemes of Examination to be permitted by the University.

The scheme A envisages full internal assessment and examination

In the first stage, the option for this scheme is proposed to be confined only at Post-graduate level.

The option, however, cannot be exercised unilaterally, rather, it is envisaged that the Unit desirous of exer-

cising the option shall send a detailed proposal including the courses of study the nature of examination or examinations to be conducted, the methods of teaching etc. for consideration and approval of the Academic Council. The unit shall exercise the option only after the proposals presented by it have been approved by the Academic Council. It is also proposed that there shall be a periodic review of the working of the scheme and in case it is found unsatisfactory, the permission for the option may be revoked by the University.

In case the Academic Council accepts the optional scheme in principle, it may consider the setting upto a committee which may consider in detail the administrative and academic aspects involved in the question."

Resolved that consideration of the aforesaid proposal be postponed to the next meeting of the Council and mean-while the members of the Council may study the proposal and send their comments, if any, on the same, to the Convener direct.

Arising out of the above, the council approved the suggestion of the Vice-Chancellor that the Examination Reforms Committee be treated as a Standing Committee.

8. The Dean, Faculty of Medicine and Pharm., explained to the Council the circumstances under which admissions in the affiliated medical colleges in the M.B., B.S. could not be completed by the 7th August, 1970 because of all the applications for the scrutiny of results of the last P.M.T. Examination having not been disposed of till then, and that certain nominees of the J & K Government were expected to join shortly as the nominations had been made by the Jammu and Kashmir Government on reciprocal basis quite late.

Resolved to recommend that the last date for admission to the Medical Colleges affiliated to University be treated to have been extended, as a special case, upto 20th August, 1970 for the session 1970-71 and (ii) the nominees of the J & K

Government be admitted to the Medical Colleges, when they come.

The meeting ended at 7.00 p.m. with a vote of Thanks to the Chair.

Report of the Academic Council Committee on Private Candidates

The Academic Council vide its Resolution No. 7 dated the 20th August, 1970 appointed the following Committee to consider the question of allowing candidates to appear at the various examinations of the University as private candidates and allied matters :

1. Prof. R.C. Mehrotra (*Convener*)
2. Prof. G.C. Pande
3. Dr. P.N. Mathur
4. Prof. Om prakash
5. Prof. G.C. Patni
6. Prof. Daya Krishna
7. Prof. G.S. Sharma
8. Prof. Raj Krishna
9. Shri Ziauddin Khan
10. Dr. R.G. Sarien
11. Shri U.S. Gour

*Note :—*Dr. R.G. Sarien and Dr. P.N. Mathur could not attend the first and second meeting respectively. Prof. G.C. Patni, Prof. G.S. Sharma, Prof. Raj Krishna, Dr. P.N. Mathur and Shri U. S. Gour could not attend the 3rd meeting.

The Committee held three sittings on 29th August, 6th September and 10th September, 1970. The first meeting revealed extremely divergent views on the subject. It dispersed after giving to the office a list of items on which facts and figures should be collected. In the second meeting extreme views were again repeated and at one time it was thought that there would be two different reports submitted by the same Committee. Later after a full confrontation of ideas, some consensus emerged out. A drafting sub-committee was formed,

so that in the third meeting, the report incorporating the common points of agreement may be endorsed. In board terms the consensus may be stated as follows :

1. The Committee recognizes that higher education is regarded as a means of social upliftment and self-improvement. So increasing opportunities for higher education should be provided for those who are eager to avail of them by the Universities in India.

2 In evaluating the academic accesses to higher education, the Committee could arrange them in following order of priority :

- (i) Regular institutional instructions during day.
- (ii) Evening colleges.
- (iii) Correspondence Courses with other accessories of contact classes and radio lessons etc.
- (iv) Adding to the, already existing categories of candidates permitted to appear as private candidates on certain rational grounds i.e. graduates of the University and those who are gainfully employed.
- (v) Allowing all candidates who have passed the qualifying examinations to appear as private candidates.

3. In further discussion, the Committee felt that the awareness of the need for higher education among the student should be assessed properly. It is a necessary preliminary to the *crucial* decision which the University may take in this regard. It is proposed that for an identification of the need, a survey be conducted to cover the intending candidates. This may be utilised for knowing their professional needs also. This will enable the University in estimating the actual strength of the need and adopting the means accordingly. We may modify our courses or open new job—oriented courses to meet their needs. The Departments of the University may

open one or more such diversified diploma courses to suit the modern needs.

3 (a). After realising the need for such a survey, the Committee thought that it should be taken under the joint collaboration of the Departments of Adult Education, Economics, Statistics and Sociology. The University should provide funds (a very rough estimate could be Rs. 10.000/-) for the purpose, keeping in view that it would be pioneering precedent before we embark on any new scheme.

APPENDIX II

(*Ref. Res. No. 1 of the Emergency Meeting of Academic Council dated 24th September, 1970.*)

Copy of D.O. letter No. 1656 dated 12-9-1970 from Dr. Daya Krishna, Prof & Head of the Department of Philosophy, University of Rajasthan, Jaipur to Dr. P L. Bhatnagar, Vice-Chancellor, University of Rajasthan, Jaipur.

I am sending herewith a copy of an alternative draft of the report of the Academic Council Committee for Private Candidates. This draft could not be considered by the Committee at its final meeting because of certain strong objections by one of the members present. The official report, therefore, was fully accepted even though it was drafted differently. However, it is not substantially different from this draft as can be seen from a comparative perusal of both.

The reason for my sending this draft under the circumstances, is only because under Sec. 7, it spells out in greater detail the proposal to meet the student's demand this year itself. The suggestion is that an Evening College be started by the University from October, giving admission to only those students who have passed their B.A. this year. This facility to candidates is being given this year because there is already a discrepancy between the minimum marks required for appearing at the higher examination for private candidates and those who have been admitted for regular courses. This would also give us an opportunity to find out the exact number of students who would like to seek admission in the Evening College for higher courses. There should, however, be a proviso that unless the number of students seeking admission is 100, the courses will not be started. Also, the courses in the Evening College may be run only in certain subjects where the departments are both willing and able to do so.

You may seriously consider the proposal in base an urgent necessity is felt for doing something for the students who could not get admission due to the restriction of percentage of marks required for admission this year.

With regards.

APPENDIX III

(*Ref. Res. No. 1 of the Minutes of the Emergency Meeting of the Academic Council, Dated 29-9-70*)

Committee to consider item no. 7 of the Agenda of Academic Council dated 20th Augst; 1970 (Private candidates). Note of dissent by Dr. Om Parkash as per deliberations dated 10th September, 1970.

Having indicated a certain order of priorities regarding accesses to higher education, and having advocated the extension of facilities for post-graduate studies. It is not open to the Committee to suggest (in the *last paragraph* of the report which is self-contradictory) that the admission of private candidates to examination for Master's Degrees should wait until after this had been done at the level of Bachelor's Degrees. In fact, the following points go to indicate that the case for permitting candidates for Master's Degrees (in particular of the graduates of this University) to appear privately is much stronger :—

- (1) Generally speaking, candidates for Master's Degrees can be expected to have acquired a much higher degree of maturity and capacity for self-study than candidates for Bachelor's Degrees.
- (2) There is a greater chance for a person to succeed in self-study in one subject of his interest chosen for the Master's Degree than in a variety of subjects which one has to offer for the Bachelor's Degree.
- (3) Usually the courses of study for Bachelor's Degree, extend over three years (some 20 papers spread over three examinations) as against the usual two years (some 8 papers spread over two examinations) in case of Master's Degrees. Considered in the light of examination results, it would go to suggest that self-study at the post-graduate level is a more feasible proposition.
- (4) The University has a special responsibility towards

its own graduates. Instances of well-known centres of learning can be quoted to indicate that a Candidate passing the B.A. (Hons.) Examination gets entitled to receive the M.A. degree of the same University after a lapse of certain time.

- (5) For the Bachelor's Degrees certain facilities already exist in the form of Correspondence Courses. In fact, this year University is running an Institute of Correspondence Studies for the last two years. At the moment, this Institute is offering facilities for the Three Year Degree Course in the Faculty of Commerce (B. Com. Examination). As such, according to the Committee's own order of priorities, there is no point in permitting candidates to appear at the B.Com. Examination privately. For the B.A. Degree, facilities with regard to correspondence education have been provided, on at, all-India basis, by the University of Delhi (and now certain other Universities are also in the field). If these facilities of instruction through correspondence for Bachelor's Degree (other than B. Com.) provided by other Universities are deemed inadequate, the Institute of Correspondence Studies in this University can extend the scope of its activities to B.A./B.Sc. Degrees.
- (6) Correspondence instruction for the Master's Degrees is likely to be a very costly and difficult proposition

It is therefore suggested that the area of eligibility in respect of private candidates be widened by permitting the graduate of this University to appear privately at the examination for Master's Degrees.

APPENDIX IV

Ref. Res. No. 1 of the Minutes of the Meeting of the Academic Council dated 29-9-70)

Extract from letter No. 1105/MD dated 19.9.70 from Dr. G.C. Patni, Dean of University Studies in Science, Jaipur.

While agreeing with most of the recommendations of the Committee which could be arrived at after a long discussion. I feel that the order given in para 2 of the report is very reasonable. But I doubt whether under the present circumstances, the University would be able to take the matter of starting evening colleges and/or correspondence courses. I wish it could be done. But if it is not possible, then I would strongly urge upon the University to consider point No. 2 (iv) very seriously. I am also of the opinion that the facility to the students to appear privately should be given for all the examinations and for all the subjects wherever it is possible. But to begin with it would be desirable that the change be affected with the Post-graduate level in those subjects only where no practicals are required.

I therefore request you to place my these views before the Academic Council.

It may also please be noted *for information* that the University of Delhi has already decided to enrol persons residing within the union territory of Delhi as external students (in accordance with the conditions laid down) at the following examinations :—

- (1) B.A. pass,
- (2) B.Com. (Pass)
- (3) B.A. Honours (Hindi, Urdu, Bengali, Punjabi and Sanskrit ,
- (4) B.Com. (Honours,)
- (5) M.A. in Hindi, Sanskrit and Philosophy.
- (6) M.Com.

APPENDIX V

Copy of letter No. 1124 M/D dated 22nd September, 1970 from Dr. G.C. Patni, Prof. and Head of the Department of Mathematics, University of Rajasthan, Jaipur to the Registrar, University of Rajasthan, Jaipur.

Sub.—Emergent meeting of the Academic Council to be held on 24th September, 1970.

Kindly refer to your circular letter No. CM 11/69/45127-61 G dated 18th September, 1970 enclosing therewith a note of dissent received from Dr. Om Prakash.

I perfectly agree with the points mentioned by Dr. Om Prakash and I am also in favour of starting a scheme of allowing the students of our University to appear privately with Post-graduate examinations, i.e. the graduates of our University should be allowed to appear privately at the Post-graduate examinations. About this I have already written to you vide my letter No. 1105/MD dated 19th September, 1970.

APPENDIX VI

(*Ref. Res. No. 1 of the Minutes of the Meeting of the Academic Council dated 24-9-70*)

Extract from letter No. 956/70-71 dated the 22nd September, 1970 from Shri U.S. Gour, a member of the Committee on Private candidates.

1. Even in the emergency-meeting of the Academic Council held on Aug 20, the debate could not throw up any point strong enough to sustain the plea that admission of private candidates to the M.A. Examination would damage the Academic standard of the Course. It is very much open to question that a mixed lot of scripts of both regular and private students makes any appreciable impact on the general standard of marking. Even to-day we have scripts of students from institutions of varying levels of academic efficiency and the examiners are called upon to evaluate the performance of all those in the mixed lot. Even if only a few institutions are permitted to run post-graduate courses, there is bound to be a cluster of tail enders in the total group, who according to the theory advanced, would seriously hinder correct evaluation. This would be spinning the thread too fine. The inevitability of some slight repercussion on the standard of evaluation because of the variations in the levels of attainments of candidates, has to be lived with as a fact which can not be eliminated. May I also submit that not all those who might privately appear will present a drastic contrast to all those sent up as regular student either from the University departments or from the affiliated colleges.
2. Coming to the question of need, I beg to submit that expansion of education at a lower level is nat-

urally bound to create the need at the levels above. More primary schools brought in more secondary schools. which in their turn compelled attention towards fulfilment of the aspirations for higher.

Resolved that the Principal be informed with regret that the University was unable to provide any grant from its own resources.

26. The Registrar reported receipt of a copy of Resolution No. 1 (i) dated 23-7-1970, passed by the management of Seth G.L. Behani S.D. College, Sri Ganganagar (affiliated for B. A., B. Sc., B. Com. and M. Com. courses) sent by Shri Om Prakash Behani, Secretary to the Management Committee of the College informing the University that the Management Committee at its meeting held on 23.7.1970 had decided to close down 1st Year T. Chancellor be confirmed, and (iii) the word 'etc,' occurring in Resolution No. 2 of the Council and in the amended Ordinances Nos. 211, 234 and 248 be deleted.

28. The Syndicate considered the recommendations of the Academic Council made at its emergency meeting held on the 24th September, 1970.

Resolved that (i) the recommendations of the Council be approved and (ii) the last date for admissions to be made under Resolution No. 1 of the Council be fixed as 20th October, 1970.

29. The Syndicate considered a D. O. letter No. F. 10 (20) Edu-I/70 dated the 18th September, 1970 from Shri J. S. Mehta, Commissioner and Secretary to the Government of Rajasthan, Education & P. W. Department, Jaipur, addressed to the Vice-Chancellor, for granting fresh affiliation for LL.M. classes in Dungar College, Bikaner and M. Ed. classes in Government Teachers Training College, Bikaner from the current academic session

In this connection the Vice-Chancellor informed the Syndicate that :

- (1) He had received a D. O. letter dated the 6th July, 1970 from the Education Secretary informing him that on account of pressing demand of the public, the Cabinet in an emergency meeting had decided to start M. Ed. classes in Government T. T. College, Bikaner and LL. M. classes in Dungar College, Bikaner and requested for provisional affiliation of the same. Subsequently, formal application for affiliation of Dungar College, Bikaner for LL.M. classes was received from the Director of Education, but no such application for M. Ed. classes at Government T.T.College, Bikaner was received.

- (2) Several applications for fresh affiliations of the various Government Colleges had also been received from the Director of Education in the months of June and July, 1970, long after the last date for receipt of such applications i. e. 31st March, 1970 in special cases, vide Statute 37 (1) of the University Hand Book Part II.
- (3) He discussed the matter with the Director of Education and the Jt. Director of Education and it was agreed that— (a) provisional permission to start classes in such cases where fresh affiliation was sought for degree and/or post-graduate courses in the Faculties of Arts & Commerce and Pre-University Science classes be released pending formalities of inspection, (b) applications of four Government Colleges (at Pratapgarh, Jalore, Dausa and Sardarsbahr) for starting degree courses in the Faculty of Science be not entertained for the current academic session for the obvious reason that even if the Government sanctioned funds for purchase of equipment etc. it would not be feasible to procure equipment and set-up laboratories so soon, (c) the University would appoint immediately an Inspection Committee to make a local enquiry and report on the application of the Dungar College, Bikaner for LL.M. classes, and the question of granting affiliation could be decided in the light of the Inspection Committee's report and (d) a few late applications from non-Govt. affiliated colleges be also treated similarly.
- (4) A single-member Inspection Committee visited the Dungar College, Bikaner and submitted its report on 20th July, 1970 with the recommen-

dation that affiliation for LL.M. classes be not granted to the college. The report of the Inspection Committee was accepted and the Director of Education informed accordingly vide this office letter No. 39556 dated 25th July, 1970. According to the Inspection Committee neither there was any need for starting LL. M. classes at Bikaner judged in terms of the absorption of those who pass LL.M. examination as also the number and calibre of the students at the LL.B. level capable of benefitting by LL.M. teaching, nor was the proposal academically justified in view of the facts that—(a) the college had not been able to appoint even one whole-time teacher as Head of the Department for LL.B. classes and failed to secure permanent affiliation for LL. B. standard because of the non-fulfilment of the conditions laid down by the University, (b) for teaching LL.M. classes highly qualified whole-time teachers for each specialisation with Ph. D. or LL. M. and some years experience of teaching those classes were required and (c) the library of the inadequate even for LL.B. teaching.

The Director of Education who is a member of the Syndicate and was present in the meeting, on being asked by the Vice-Chancellor, apprised the Syndicate that since there was a pressing demand from the public, the aforesaid classes (viz., T. D. C. Sc. classes at Government College, Pratapgarh and Jalore and LL. M. and M. Ed. classes at Dungar College, Bikaner and Government T. T. College, Bikaner respectively) had already been started with effect from July, 1970. He further informed the Syndicate that the State Government had already sanctioned necessary funds and the necessary requirements of the University were being fulfilled.

Resolved that in view of the assurance given by the Director of Education that necessary conditions for the various courses of study referred to above were being fulfilled and that most of them had already been fulfilled, the Vice-Chancellor be authorised to appoint, as early as possible, an Inspection Committee in each case and to take further necessary action in the light of the reports of the Inspection Committees.

Resolved further that since late receipt of applications for fresh affiliation of the Government Colleges presented a problem almost every year, a Committee consisting of the following members be appointed to look into the matter and suggest ways to deal with the situation :

- (i) Deans of all the Faculties,
- (ii) The Director of Education, Rajasthan
- (iii) Shri D.C. Swami
- (iv) Shri K.C. Bakiwala
- (v) Prof. R.C. Mehrotra (Convener).

Note :—According to the present estimates, the balance available out of the total Fourth Plan allocation after deducting the estimated expenditure of the schemes incuded within the 70% allocation is Rs. 19.46 lacs. The construction of the Teachers' Hostel would therefore, depend upon the UGC approval for raising the plan allocation or Savings being there on

2. The Committee also recommended that the UGC may be approached for providing a separate grant for the University Library for purchase of back numbers of various journals which are urgently needed by the research workers.

3. The Committee considered the question of accommodating the estimated expenditure amounting to Rs. 36,800/- towards the two proposals of the Department of the Adult Education-Extension wing for (i) organising a 'Meet India' programme and (ii) teaching of Indian languages within the total Fourth Plan allocation as desired by the UGC vide its letter No F. 12-1/69 (H) dated the 9th Oct., 1969 and decided that it would not be possible to accommodate this expenditure within the Fourth Plan allocation. The UGC may therefore, be requested to provide a separate grant for this purpose.

4. The Committee considered the question of UGC assistance to the affiliated colleges and recommended that the University may appoint an inspection Team to visit the non-Govt. affiliated colleges, assess their needs from the point of view of their potentiality for development and select about half a dozen colleges for recommending to the UGC for necessary financial support. The Committee also recommended that there should be one representative of the University on the governing body and the Selection Committees for selecting teachers of each non-Govt. affiliated college. Steps may be taken to amend the existing ordinance/Statutes, in any, for this purpose.

5. The Committee considered the requirements of the University colleges and recommended that the UGC may be approached for providing necessary assistance for the following :—

- (a) Construction of Library halls in the Rajasthan College Campus and the Commerce College Campus.
- (b) Extension of NRSC buildings in all the 4 colleges/Undergraduate Wings.

APPENDIX II

Copy of letter No. F. 9-1 (52) 67 (CD) dated 31st March, 1970 from the Secretary, University Grants Commission, Bahadur Shah Zafar Marg, New Delhi to the Registrar University of Rajasthan, Jaipur.

Sub : Higher Education and Research Development Schemes for the fourth Plan period ending 1973-74 approval and allocation of grants.

I am directed to invite your attention to this office letter No. F. 9-1 (40)/66 (CDN) dated 3.8.1967 on the above subject and to say that the University Grants Commission had allocated grants amounting to Rs. 84.47 lakhs inclusive of grants released/payable after 31st March, 1966 for development programmes in the light of the recommendations of the Visiting Committee appointed by the University Grants Commission to assess the requirements of the University for the period 1966-71 (original Fourth Plan). The University had been informed that the period for which the allocation indicated above, would be available would extend upto the end of 1973-74.

The Commission had recently considered the question of providing additional financial assistance to Universities for meeting their increased requirements on account of extension of the period of assistance of the Commission for schemes involving recurring expenditure i.e. staff from 1971-72 to 1973-74 and in the light of the allocation of the U. G. C. for the fourth plan period, the commission has decided to provide an additional sum of Rs. 9.54 lakhs to the University for the period ending 1973-74. This would raise the total allocation of the University for the period 1966-67 to 1973-74 to Rs. 94.01 lakhs or say Rs. 94.00 lakhs (rounded)

The commission vide this office letter of even number dated 22.4.1968 has accepted the programmes of the University to be accommodated within 70% of the allocation. It is requested that the University may now review its development programmes and send the schemes to be further included within overall allocation of Rs. 94.00 lakhs for the period ending 1973-74 with complete details to the Commission for consideration. The programmes recommended by the Visiting Committee which could not be accommodated within 70% of the allocation can now be taken up by the University subject to such changes as the University may desire to make in the light of its requirements.

APPENDIX II

(Ref. Res. No. 17 of the minutes of the meeting of the
Syndicate dt. 28.9.70.)

Minutes of the meeting of the Committee (appointed by the Syndicate under Ordinance 152 to consider the cases of unfairmeans at the University Examinations of 1970) held on the 23rd September, 1970 at 9.00 A.M. in the University Office.

Present

Dr. P.L. Bhatnagar, Vice-Chancellor

(In the chair)

2. Dr. M.P. Mathur,
Director of College Education, Rajasthan.
3. Dr. P.N. Mathur,
Dean, Faculty of Science.
4. Dr. G.S. Sharma,
Dean, Faculty of Law.
5. Dr. L.M. Sanghvi,
Dean, Faculty of Medicine.
6. Vaidya Sohan Lal Sharma,
Dean, Faculty of Ayurved.
7. Shri C.M. Mathur,
Legal Adviser.
Shri C.L. Singhal, *;(Member Secretary)*
Registrar.

Before taking up the agenda, the Committee recommended slight modifications in the norms (Appendix 'A') approved last year for awarding punishment to the candidates reported to have resorted to the use of unfairmeans.

1. The Committee considered the cases of candidates who resorted to the use of unfairmeans or other mal-pra-

ctices at the various examinations of the University held in 1970 in the light of Ordinance 152 and resolved to recommend that as per norms laid down by the Syndicate the punishment/action as noted against each in the enclosed statement be awarded/taken.

2. The Committee considered the case of Shri Lal Chand Roll No. 1322 of the Second Year T.D.C. (Arts) examination, 1970 who ran away from the examination hall on 16th April, 1970 while answering History Paper I at 9.55 A.M. alongwith his answerbook. The Centre Superintendent, S D. Government College, Beawar reported that the above candidate ran away from the examination hall without handing over his answer-books (one main and one supplementary.) In order to recover the answerbooks the Centre Superintendent lodged a report to the local police. In his statement given to the Police, the candidate said that since he was in confused state he lost balance of his mind and ran away with the answer-books. When he was passing through the railway shunting he found a match box and destroyed the answer-books by burning them.

In order to get confirmation of the statement given by the candidate to the police, a show cause notice was issued to him by this office. In reply the candidate contradicted his own statements given to the police authorities and refuted all the charges levelled against him and implored the University to lodge an enquiry into the matter.

It was further reported that the candidate had earlier been found using unfairmeans on the 14th April, 1970 also while appearing in Political Science Paper II. The head examiners to whom the case was referred informed that the candidate had made good use of the material recovered from his possession.

Resolved to recommend that the present examination of the candidate be cancelled and he be further debarred from appearing at any examination of the University to be held in 1971, 1972 and 1973.

3. The Committee considered the case of Shri Suresh Kumar Parasher, Roll No. 2432 for the Second Year T.D.C. (Arts) Examination, 1970, who appeared from Government College, Rajgarh Centre and was found in possession of a book while appearing in Economics Paper II. When asked to handover the book, he refused to do so and insisted on copying from it. Besides this, he protested and tried to dis-

APPENDIX-III

(Ref :—Res. No. 17 of the minutes of the Syndicate dated the 28th September, 1970.)

Copy of letter dated 25th Sept., 1970 received from Shri D.C. Swami addressed to the Vice-Chancellor.

For quite sometime I have been feeling that the system of debarring students from appearing at the subsequent University Examination, for using unfair means in the Examination Hall requires reconsideration. The theories of punishment are changing all over the world. I am fully convinced, about the futility of such a corrective measure. The punishment should be based on ethical desire to make man better. Complex consideration lie at the root of so many strange human activities which play far greater part in shaping the decision and actions of routine life of man than is generally supposed. The passive emotions of man play far greater part in shaping man's reaction to a set of events, than logical or rational thought. Almost all the students who commit crimes are psychologically the slaves of their mental calls, who surrender without struggle to the passions. Such criminals belong to that strata of society where culture and education have not penetrated deep enough to mould these basic animal instincts. Culture and education from the dawn of civilisation have been dedicated to the task of moulding human emotions in subtler forms, calming down the passions and rationalising the man. Yet what a disappointing result that the present day educational system has utterly failed in achieving these vital objectivities.

In spite of spread in general education and what we call modern civilisation, the incidence of crime, the depravity of human behaviour is not in any way changed from that of the primitive men. Any modern educational system cannot afford to ignore these basic facts which indicate the malaise, the task of enquiring the basic why and how of actions and instinct of man.

Those who sit over the judgement of the erring students would pause and ponder over the question as to how far the

celebrated code of panal law and the fear there from of the severest punishment has been successful in preventing crimes.

 ' If the youth are given proper education, opportunities and right guidance they can improve and become better citizens. If they are condemned they would be lost to the world forever.

With kind regards.

APPENDIX-IV

(Ref :—Res. No. 18 of the minutes of the meeting of the Syndicate dt. 28.9.70).

Brief Summary of the case :

While replying to a reference made to Dr. T P. Bhardwaj, Prof. of Pathology, S.P. Medical College, Bikaner who was the Internal examiner, regarding Roll Nos. 112 and 281 in whose cases some discrepancies were noticed by the checkers of results he drew the attention of the office to the cases of two more candidates bearing Roll Nos. 225 and 257 of the same examination who had actually obtained 55 and 35 marks in Pathology Practical and viva-voce examination respectively, and not 45 and 25 marks as entered in the mark sheet of the candidates. In support of his statement he sent the original rough record prepared by the examiners. As there were numerous corrections and over-writings in this rough record, a reference was made to the external examiners as well as the Principal, S.P. Medical College, Bikaner. Dr. T.P. Bhardwaj was also requested to intimate as to how correct marks were not posted in the foils and counter foils sent to the tabulators. These persons replied as under :—

1. One of the external Examiners said that the marks as shown in the award lists sent to the tabulators under the joint signatures of all the examiners be considered as final adding that he was surprised to hear that the internal examiner had approached the University with such a request without marking a reference to the external examiner. No reply was received from the other two external examiners
2. The Principal, S P. Medical College, Bikaner said that ordinarily the rough record of the practical examination ought to have been destroyed after the marks had been posted in the printed foils and counter foils of marks and signed by the examiners. Since there were four examiners in this case there should have been no likelihood of any errors creeping in the final award. He added that though there were over-writing and corrections at several places in the rough record (Particularly in these two cases) (Roll

No. 225 and 257) yet the totals were untampered with admitting at the same time that there was possibility of errors in the same since they were written in pencil.

3. Dr. Bhardwaj in his reply has tried to justify the correctness of the rough recorded and requested that the correct marks as given therein be accepted.

APPENDIX-V

(Ref :—Res. No. 20 of the minutes of the meeting of the Syndicate dated 28.9.70).

The Committee appointed by the Syndicate vide its Res. No. 47 dated 1/2nd May, 1969 in connection with the report of the Work Study Team in respect of the Central Office, met on 1/3rd September, 1969 and 19th January, 1970 in the University Office, Jaipur when the following members were present :

1. Shri S.S. Saxena (Convener).
2. Shri K.C. Bakiwala.
3. Principal S.C. Tela.
4. Principal N.M. Kothari.
5. Shri B.L. Pangariya, Dy. Secretary, Secretariat, Rajasthan, Jaipur Co-opted member).
6. Shri J.N. Mathur, (Member-Secretary) Deputy Registrar.

N.B. : Principal Tela and Shri J.N. Mathur were not present on 1st September, 1969 and 19th January, 1970, respectively.

2. The following were the terms of reference given to the Committee :

- (a) To study and to make recommendations on the "Work Study Report on Administrative Wing of the University (October, 1968) submitted by the Work Study Team of the Secretariat Training School, Ministry of Home Affairs, Government of India, New Delhi, and
- (b) To study the staffing and work position in all other offices of the University and make its recommendation to the Syndicate in the light of the Work Study Report of the Central Office.

3. The Committee took up the Work Study Report Chapter by chapter and made the following observations/recommendations. The staffing pattern mentioned in each chapter was also discussed.

(A) *Ref: Chapter (1) :*

It is just an introductory chapter. The Member-Secretary informed the Committee that the report was not discussed in details by the Team with the Registrar.

(B) *Ref: Chapter—2 : “Record (Receipt Branch) :*

The recommendations be not accepted. The Committee did not favour the very system of centralisation of receipts. The Committee, therefore, made the following recommendations :

- (i) All the receipts in the University be received direct by the concerning Sections and this may be ensured by issuing a general circular defining the allocation of work done in the various Sections and requesting the senders that all correspondence be addressed to the Registrar mentioning within parenthesis the name of the Section to which the communication is desired to be sent. The Section will then arrange for the proper diarisation and distribution of the dak among the dealing assistants. This will not only expedite the receipts in the hands of the dealing persons but also will lead to economy in terms of staff and stationery, and
- (ii) The dak which does not bear any indication of the Section concerned be received by a ‘Marker’ of S.A.’s rank who will be the Incharge of the newly proposed Section of Receipts and Delivery. The Marker will receive all such dak and mark it for the Section concerned, and send it there through challan prepared in duplicate. The second copy duly signed by the diarist of the section concerned will be received back for record with the Marker.

(C) *Ref:—Chapter 3—Establishment & Genl. Admn. :*

I—Paras 1 to 6 be modified as follows :

- (i) That all the non-teaching staff up to U.D.Cs. rank should be dealt with by the Heads of Departments concerned who may be delegated full powers in respect of this staff.

IV—*Paras 20 to 32 reg. granting Privilege Leave, resignations, checking and verification of pay bills and study leave to teaching staff :*

The recommendations contained these paras be agreed to with a slight modification in the forms proposed.

V—*Paras 33 to 38—General Administration Section (Stores) :*

The recommendation are contained only in paras 37 which be agreed to except that the proposal for purpose of stationery twice a year (instead of once a year at present) was not favoured by the Committee because (a) it did not involve much investment and (b) inviting of tenders twice a year would not attract dealers on competitive rates.

A committee was appointed by the Syndicate under the convenership of Shri S. S. The report of the Committee was submitted to the Syndicate at its meeting held on the 16th May, 1970 and it was pointed out by the Registrar that the recommendations in respect of the staff strength needed careful consideration inasmuch as a drastic retrenchment in the several cadres had been suggested by the Committee, whereas actually on the basis of increased work load there was a need for additional staff. The Syndicate, therefore, decided that a meeting of the Committee might be called again for reconsideration and review of its recommendations after discussing the matter thoroughly which the Registrar, and the meeting could be fixed on such a date as might be convenient to the Vice-Chancellor so that the Committee could have the benefit of his advice also.

- (VI) *Ref : Para 3 (K) of the Committee's Report & further ref. to Chapter 11 of the Delhi Work Study Team's Report reg. Despatch Branch :*

- (VII) *Ref : Para No. 4 of the Committee's Report and further ref. to Chapters 13, 14 and 15 of the Delhi Work Study Team's Report dealing with staff assessment, implications of proposals and conclusions :*

After careful consideration of the recommendations in regard to the re-organisation of the Central Office as well as the staffing pattern it was decided that the Central Office may be re-organised in the following manner :

(1) Registrar : Head of the Central Office

(2) Dy. Registrar : He will deal with the (Admn. & Estt.) following :

(a) All Establishment matters pertaining to Teac-

hing as well as non-teaching staff.

(b) House Keeping, covering :

(i) Stores, Stationery & Purchase,

(ii) Allotment of houses/office accommodation/Guest Houses/Vehicles.

(iii) Records.

(iv) Care-taker duties.

(v) Typing Pool.

(vi) Receipts and local delivery.

(vii) Publicity.

(viii) Telephones.

(c) Other Miscellaneous duties of General Administration covered under (b) (1 to viii) above.

(3) Dy. Registrar : He will deal with the following :

(a) Meetings Section,

(b) Affiliation & Inspection,

(c) Statistics,

(d) Projects, and

(e) Miscellaneous matters relating to grants,

(4) Dy. Registrar : He will deal with the following :
(Examns. & Secy.)

(a) All matters relating to Examinations, Secrecy and Research including meetings of the Research Board and the Examiners Committees.

(b) Work relating to the Research Scholarships/ Fellowships of outside Agencies such as U.G. C., Ministry of Education, C.S.I R., I.C.M. R., Deptt. of Atomic Energy etc.,

(5) Dy. Registrar : He will deal with the following :
(Accounts & Finance)

(a) All matters relating to Accounts, Budget and Finance including issue of administrative and financial sanctions for provisions made in the budget under various heads of plan and non-plan, including U. G.C. preparation and checking of salary bills, etc.

(b) Framing of Rules such as T. A. Conveyance, University buildings, Provident Fund,

Note:—The Committee observed that Internal Audit Cell shall be under the direct control

rol & Supervision of the Registrar. A.R. (Audit) will, therefore, function directly under him.

In the light of the discussions which were held with the members of the Committee and as authorised by the Committee, the Vice-Chancellor further discussed this matter with the Registrar and the Deputy Registrars, and finally approved the allocation of staff among the various Sections of the Central Office (as given *vide Appendix-I*).

On the basis of the allocation of the staff finally approved amongst various sections of the Central Office, the following picture has emerged out :

	Sanctioned Strength	Proposed	Reduction./ addition
1. Asstt. Registrars	8	7	—1
2. Section Officers	11	10	—1
3. Assistants/ Accountants/ Internal Auditors.	18	24	+6
4. U.D Cs.	62	67	+5
5. L.D.Cs.	71	73	+2

Thus, it would appear that one post of Asstt. Registrar and one post of Section Officer will required abolition, while 6 posts of Assistants/Accountants/Internal Auditors, 5 posts of U.D.Cs. and 2 posts of L.D.Cs, will have to be created. There is no reduction and/or addition of posts in the category of class IV staff.

The over-all financial implications of the above proposal would be as follows :

(i) Saving on account of reduction of one post of Asstt. Registrar & one post of Section Officer.	(9,000/- + 7,000/-) 16,000/- p.a.
---	---------------------------------------

- (ii) Additional financial burden on account of allocation of the posts of Assistants, U.D.Cs. and L.D.Cs. would be as follows :

(a) Assistants $5,500 \times 6 = 33,000/-$

(b) U.D Cs. $4,500 \times 5 = 22,500/-$

(c) L.D.Cs. $3,500 \times 2 = 7,000/-$

Rs. 62,500/-

Deduct saving on
account of (i) above. (—) Rs. 16,000/-

Net financial burden Rs. 46,500/- p. a.

*Note:—*It may be pertinent to note here that for creation of additional posts as proposed above the matter shall require reference to the Finance Committee as well as the State Government since the State Govt. while communicating the non-plan maintenance grant to the University for the years 69-70 to 73-74 has imposed a condition that no additional posts will be created under the non-plan without the prior sanction and approval of the State Government.

(5) आयुर्वेद संकाय ने श्री रामकृष्ण शर्मा, 79 आदर्श नगर, सिन्धी कालोनी, जयपुर-4 के निम्नलिखित सुझाव पर विचार किया ।

“निवेदन है कि आयुर्वेद संकाय राजस्थान सरकार द्वारा दिनांक 27 व 28 फरवरी 1969 को अध्यादेश 65 में संशोधन कर स्नातकोत्तर उपाधि प्राप्त स्नातकों विवेचक पद देने पर निर्णय किया है जिसके अनुसार भिषगाचार्य में तृतीय श्रेणी होने पर उस स्नातक को विवेचक पद दिया जायेगा, मेरा सभी स्नातकोत्तर उपाधी प्राप्त स्नातकों की ओर से निवेदन है कि इस अध्यादेश में पुनः संशोधन कर स्नातकोत्तर उपाधि प्राप्त स्नातकों को प्रवक्ता पद प्रदान करने का विधान करें, तथा उन्हें स्नातकोत्तर प्रशिक्षण में प्राप्तकों के अनुसार (आधार पर) राज्य सेवा में अवसर दिया जावे, जैसे कि बी० ए० में तृतीय श्रेणी होने पर भी एम० ए० में प्रथम श्रेणी हो तो एम० ए० के आधार पर राज्य सेवार्थे अवसर प्रदान किये जाते हैं, और विद्यार्थी केवल इसीलिए आगे अध्ययन करता है ताकि अग्रिम श्रेणी में अच्छे अंक प्राप्त कर सके । इस प्रकार फिर एक बार सभी स्नातकोत्तर उपाधि प्राप्त स्नातकों की ओर है । करवद्ध प्रार्थना है कि उक्तानुसार संशोधन कर कृतार्थ करें । विचार करने के पश्चात् सचय ने निर्णय लिया कि वर्तमान में स्नातकोत्तर सेवारत व्यक्तियों को पदोन्नति का अवसर दिया जाय । किन्तु भविष्य में तृतीय श्रेणी प्राप्त स्नातकों को स्नातकोत्तर परीक्षा अच्छे अंकों में उत्तीर्ण कर लेने पर भी अध्यापक पद पर नियुक्त न किया जाय ।

(6) प्रथम आयुर्वेदाचार्य के अनुत्तीर्ण विषय/विषयों में पुनः परीक्षा देने का अवसर 6 माह पश्चात् देने का प्रावधान है । इस सम्बन्ध में विचार किया कि क्या इन छात्रों को प्रथम एम० बी० बी० एस० परीक्षा की भांति एक माह पश्चात् ही परीक्षा में पुनः बैठने का अवसर दे दिया जावे ?

उपरोक्त अध्यादेश में संशोधन करने हेतु श्री भंवरलाल दूगड़ आयुर्वेद विश्व भारती, सरदार गृहर के छात्रों ने अनुग्रह किया है । अविष्ठाता (डीन) आयुर्वेद संकाय ने छात्रों की मांग को न्यायोचित बताते हुए इस कार्यालय को प्रेषित किया है ।

इस सम्बन्ध में प्रथम आयुर्वेदाचार्य अनुत्तीर्ण छात्रों को अनुत्तीर्ण विषयों में पुनः परीक्षा देने का अवसर पूर्ववत् छः मास पश्चात् का ही संकाय द्वारा स्वीकृत किया गया ।

राजस्थान विश्वविद्यालय आयुर्वेद संकाय से सम्बन्धित महाविद्यालयों के लिए न्यूनतम निर्धारित आवश्यकताओं की प्रकाशित पुस्तिका के बारे में विचार किया गया।

इस समिति की¹ राय है कि निर्धारित उपकरण स्नातक स्तर के लिए आवश्यकता से अधिक है। इतने उपकरण पोस्ट ग्रेजुएट के लिए उपयुक्त हो सकते हैं। अतः इस सम्बन्ध में आयुर्वेद फैकल्टी ही पुनः विचार करें।

समागत सदस्यों को धन्यवाद देकर सभा की कार्यवाही सम्पन्न की गई।

Examination and appointing a Committee to work out the details/feasibility of the proposal and examine the syllabus, the Council considered Resolution No. 36 (iv) adopted by the Syndicate at its meeting held on 16th May, 1970 referring the matter back to the Council with the observation that the Syndicate was not in favour of introducing 'Military Studies' as a subject of study in the compulsory group of subjects under the head 'compulsory' and that the introduction of the same be considered as an optional subject for T.D.C. examination in the Faculties of Arts and Commerce.

The Scheme 'A' envisage full internal Assessment and Examination.

In the first stage, the option for this scheme is proposed to be confined *only* at Post-graduate level.

The option, however, cannot be exercised unilaterally. Rather, it is envisaged that the unit desirous of exercising the optional shall send a detailed proposal including the courses of study, the nature of examination or examinations to be conducted, the methods of teaching etc. for consideration and approval by the Academic Council. The Unit shall exercise the option *only* after the proposals presented by it have been approved by the Academic Council. It is also proposed that there shall be a periodic review of the working of the scheme and in case it is found unsatisfactory, the permission for the option may be revoked by the University.

In case the Academic Council accepts the optional scheme in principle, it may consider the setting up of a committee which may consider in detail the administrative and academic aspects involved in the question."

APPENDIX-II

*Ref :—Res. No.4 of meeting of Academic Council dated
28th Oct., 1970.*

Copy of letter No. F.9-197/70/8012 dated the 21st July, 1970 from the Principal, Regional College of Education, Ajmer to the Registrar, University of Rajasthan, Jaipur.

In continuation of my letter No. F.9-197/70/7225 dated 8th July, 1970, I submit herewith a comprehensive note on the proposed Vacation-cum-Correspondence Courses leading to B.Sc. & M.Sc. Degrees for teachers working in Secondary Schools. I request that necessary action may please be taken to get this course instituted.

I am sending separately shortly the detailed syllabus and draft amendments to existing Statutes/Ordinances/Regulations for the proposed new scheme of B.Sc. (Honours) & B.Ed Course.

VACATION CUM CORRESPONDENCE
COURSES LEADING TO THE
DEGREE OF B.Sc. & M.Sc.

That the quality of a school depends on the quality of its teachers is well-known. At present, there is a very large number of science teachers in the middle schools who *do not* have a B.Sc. degree. Either they would have given up their studies at various levels of education beyond the Higher Secondary or P.U.C. or partially completed their B.Sc. work. Some of these teachers are permanent and the responsibility of teaching science falls on their shoulders. Due to the rapid changes in curriculum sometimes these teachers feel deficient; as a consequence, out of sheer frustration some of these teachers take B.A. degree and even M.A. degree as private candidates and change their teaching subjects to Arts. The result is that the schools lack the services of good science teachers.

Therefore, something should be done to improve their knowledge of science as quickly as possible. One way of doing this is to enable them to qualify for the B.Sc. degree by correspondence and vacation courses, since for Science courses, appearing as private candidates in an examination is not possible. Similar is the case with Science teachers teaching up to Secondary classes. With B.Sc. (degree) they sometimes, out of frustration for not being promoted to senior teachers change into teachers of arts subjects by taking M.A. degree as private candidates. Moreover there is a plan to start junior colleges. In such colleges, science teaching will have to be done by only those who have M.Sc. degree. Without such an improvement of knowledge of science content of the teacher, he can do very little to inject new science ideas to the students.

The word correspondence seems to be deceptive. A calculation of the working hour, both for B.Sc. and M.Sc. vacation-cum-correspondence, vis-a-vis the regular University courses is more meaningful. Taking into account that the

teacher joining these courses can be in the Regional College from 15th March to 15th July for two or three sequential years and also in the major sessional holidays viz. Dashera and Christams breaks, it is hoped that the major part of the course will be covered during the intensive vacation training and only a minor part will be covered through correspondence. Although schools are generally open upto 7th May, during 15th March to early May very little teaching work is done; similarly for the period from 1st to 15th July, and so the teachers can be spared during this period for the training.

Total working hours calculated on this basis are given below for both the intensive vacation-cum-correspondence courses and a comparative study with the working hours of the regular courses. It is presumed that the courses will be the same as that of B.Sc. and M.Sc. regular courses. Teachers taking this course will appear in the regular University examination held in March-April.

To be eligible for admission, teachers must have atleast 5 years of school teaching experience. Only permanent teachers selected by the D.P.I's will be admitted to the course.

Working hours for regular Three year Degree Course :

Although on an average there are about 180-190 working days in the regular college and Universities but leaving the examination period etc. it is estimated that the actual teaching is done for about 150 days. Taking 6 hours of working per day.

Working hours for 3 years course

$$150 \times 6 \times 3 = 2700 \text{ hours}$$

For the students who take B Sc. (Pass) course after I.Sc.

Actual working hours = 1800 hours.

I. *Proposed duration of the intensive vacation-cum-correspondence course for the three years degree course. B.Sc. (Pass) :—*

Actual working days—

(a) 3 sequential

quarters

$$3 \times 105 = 315$$

(b) (3×2) sessional

breaks

$$3 \times 15 = 45 \text{ days}$$

Actual working hours $360 \times 7 = 2520$ hours (considering the working hours in R.C.E. from 8.30 A.M.—4.30 P.M. with an hour's lunch break)

Thus we find that there is a deficit of only 200 hours. During these 2500 working hours, it is hoped that all the practical courses can be completed and about 90% of the theory syllabi can be covered. The remaining 10% theory courses can be covered by correspondence.

For two-year B.Sc. (Pass) course after I.Sc., similar ratio can be arrived at.

II. *Proposed duration of the intensive vacation-cum-correspondence course for M.Sc.*

Actual working hours in the

regular M.Sc. course

$$= 1800 \text{ hours}$$

Actual working hours in vacation

cum-correspondence course

$$= 1650 \text{ hours}$$

For this course also, all the practical work will be covered during the stay of the teachers in R.C.E. and 90% of the theory course can also be completed. The remaining 10% of the theory course can be covered by correspondence.

Note :—National Council of Educational Research and Training is prepared to appoint extra staff and give library and laboratory for both these courses. The M.Sc. course will be offered in the beginning in collaboration with Govt. College, Ajmer so that some practical work can be done in their laboratories during vacations.

versity Hand Book Part II was eligible for promotion to a higher post such as headship of a department or Principalship in an affiliated college.

In this connection the Syndicate was informed that in the past individual cases of teachers belonging to the above category (i. e. those who possessed III class Master's degree but were employed in the colleges before the date on which the colleges were transferred from the jurisdiction of the Board of High School and Intermediate Examination, Ajmer and the Agra University to this University) were considered for exempting them from the minimum qualifications for a higher post and relaxation in qualification was granted (vide Syndicate Resolution No. 2 dated 3.7.1963).

The Syndicate considered a proposal of the Principal, Regional College of Education, Ajmer for recognizing the 'Indian Association of Teacher Educators' (of 20 years standing with an enrolment of about 500 members) for the purpose of deputing delegates, as contained in his letters No. F.9-33/70/11356 dated the 7th September, 1970 and No.9-33/70/11979 dated 14.9.1970.

1. In cases where revision or rejection of a thesis by one of the two external examiners is recommended the Research Board may consider the advisability of referring such a thesis to two external examiners instead of one as at present. This will enable the members of the Syndicate to arrive at a more balanced and accurate judgement in the award of degree to deserving candidates only.

2. The Research Board may consider the desirability of laying down specific rules for holding of a second viva-voce examination for the award of a research degree.

Note : Extension of a viva-voce examination by a day or two more can be easily understood. Holding of a second viva-voce examination does not appear to be quite sound and healthy for many reasons.

3. The Syndicate may consider the desirability of laying down specific rules regarding daily hours of work, their respective duties, their powers etc., of the various Deans in the colleges run by the University in order to ensure efficiency in various spheres in the administration of the institutions in question.

Resolved that (i) proposals Nos. 1 & 2 above be referred to the Research Board and (ii) in regard to the proposal No. (3) above, the Vice-Chancellor, the Deans and the Associate Deans may devise ways and means to improve the standard of education at the under-graduate level.

“(iii) A degree or a Diploma in Management of Law.”

Resolved further that the Committee be requested also to recommend qualifications for the new entrants to the posts of Administrative Secretary to the Vice-Chancellor, University Press Manager and the Director Students’ Advisory Bureau as per terms of reference given to its vide Syndicate Resolution No. 8 (II) dated 2nd May, 1969.

Resolved further that the post of Registrar be advertised.

“In view of the fact that there is limited accommodation in colleges of the University and it is well nigh impossible to admit one and all seeking admission it would be worth-while for the Academic Council to consider under the existing circumstances, the necessity of throwing open the degree and post-graduate examinations of the University, where no practical work is involved to private candidates and evolving a reasonable and useful scheme for helping such students by lecturers etc., at least twice a session.”

APPENDIX II

Ref :- Syndicate Resolution No. 9 dated 7th Nov., 1970

The Sub-Committee appointed by the Syndicate vide its Resolution No. 10, dated the 2nd May, 1969 and expanded vide its Resolution No. 24(ii) dated the 11/12th August, 1969 to suggest guide-lines for the determination of the seniority rules for the University teachers at its meeting held on 20th April, 1970 recommends laying down the following principles to govern the determination of seniority of the University teachers :—

- (i) As regards the Professors and Readers, the date of confirmation should determine the seniority.
- (ii) The seniority of those promoted to the Selection grade in any cadre will be determined according to the date of promotion in selection grade in that cadre. In case a number of people are promoted on the same date, they will carry their existing seniority in the selection grade.
- (iii) As regards the Lecturers, the Committee noted that there are the following two categories of teachers :—
 - (a) Those who were recruited in the University by the ordinary process of open selection, and
 - (b) those who were recruited to the University from Rajasthan Government service as a result of taking over of the colleges in July, 1962.

The seniority of all the Lecturers also should be determined from the date of their confirmation in the University service. The interse-seniority of the lecturers recruited from Rajasthan Government service as a result of taking over of the colleges should remain the same as determined by the Government from time to time.

The Committee at its meeting held on 5th November, 1970 decided that the above principles may be placed before the Vice-Chancellor. If the V. C so desires, the same be got approved by the Syndicate at its meeting to be held on 7.11.70.

APPENDIX-IV

Ref :—Res. No. 15 of the minutes of the Syndicate held on the 7 Nov., 1970.

The Committee appointed by the Syndicate vide its Resolution No. 39, dated the 11th April, 1970 read with its Res. No. 36, dated the 14th August, 1970 met on the 12th September, 70 at 4 00 P.M. in the University Office, Jaipur when the following members were present :—

Dr. M.P. Mathur,
Director of Education,
Rajasthan, Jaipur. (Convener)

Dr. M.C. Singhal,
Principal,
Basic Teachers Training College,
Sardarshahr.

N.B. :—Principal N.M. Kothari, Government College, Bhilwara expressed his inability to attend.

2. The term of reference given to the Committee was to examine the suggestion given by the Rajasthan University and College Teachers Association (RUCTA) as contained in letter No.793-796 from the General Secretary, RUCTA to the effect that it be made obligatory for the non-Government affiliated colleges by making a provision in the Statutes to adopt payment of gratuity rules for the college teachers.

3. The Committee noted that (i) on a similar suggestion received earlier from Rajasthan University and College Teachers Association, the Syndicate vide its Res. No. 24, dated the 6th March, 1969 had resolved that a copy of the 'Rules for Payment of Gratuity to University Employees, as approved by it be forwarded to the Principals of all the non-Government affiliated Colleges with the request that the same be adopted in respect of the members of the staff of their colleges, (ii) in compliance with the said Resolution, a circular letter had accordingly been addressed to the Principals concerned by the Registrar on the 6th August, 69, and (iii) no college had so far responded to the circular letter.

4. Since the teachers of the Government affiliated colleges were enjoying the benefit of gratuity in accordance with the rules laid down by the State Government for its employees and the Syndicate had also adopted 'Payment of Gratuity to Employees Rules' w.e.f. 1.4.1969, it was natural for the teachers of the non-Government affiliated colleges to put forward their case for a similar treatment.

5. The Committee noted that there were several non-Government colleges which were not on the list of Government aided colleges and most of them were not even able to follow the Provident Fund Rules as prescribed by the University, obviously because of their financial limitations. The aided colleges too depended mostly on the grant-in-aid received from the Government for the matters of laying down pay scales for the teachers and provident fund scheme for them.

6. After discussing the proposal from all its aspects, the Committee recommended that, in the first instance, the State Government be requested to examine the possibility of adoption of the payment of gratuity rules as laid down by the University for its own employees, to the teachers of non-Government affiliated colleges also and if approved, make a provision to that effect in the grant-in-aid rules. This would enable the Colleges to implement the rules.

APPENDIX-V

Ref :—Res. No. 21 of the mitutes of the Syndicate held on 7th Nov., 1970.

At the out-set, it was clarified by the Registrar, who is a member of this Committee, that the pay scales of the posts of Registrar, Deputy Registrar, and the Assistant Registrar who already been enhanced. It was further clarified that the terms of reference of the Committee require us to prescribe suitable qualifications for the new entrants who may be appointed as and when the posts fall vacant in further. The qualifications should be laid down keeping in view the revised pay scales for these posts.

First of all, we addressed ourselves to the question as to whether it was essential for a Registrar or a Deputy Registrar to have the experience of teaching in a college or an University. It was felt that there was no co-relation between the experience of teaching and the efficiency of the person holding the post of the Registrar. It was, however, felt that if the Registrar and Deputy Registrar have familiarity with the life and working of an University or with educational administration in a College or University, this would add to their efficiency.

It was also felt that an opportunity should be available to an Assistant Registrar for being considered for appointment as Deputy Registrar and for a Deputy Registrar to be considered for appointment as Registrar provided they were considered suitable for these posts by a duly constituted Selection Committee. We felt that the post of Registrar is one which requires the ability to organise, coordinate and plan various matters relating to the administration of the University. As an Adviser to the Vice-Chancellor on several issues, he has to take an enlightened and broad view of the matters. In our view the incumbent of this post must have high academic qualifications. He should atleast have a Post-Graduate Degree. As mentioned above, it would be desirable to provide for the vertical mobility from the post of Assistant Registrar upwards. Therefore, we feel that a Post Graduate Degree should be an essential qualification even for the posts of Assistant Registrar and Deputy Registrar. (While considering this issue we were told that there are persons working as Office Superintendents and Assistant Registrar and Deputy Registrar in our University who do not have Post Graduate Degree. Some of them may be found to have done exceptionally good work in their assignments. It was felt that an opportunity should be available to them also for being considered for appointment in the next higher post. *In our view, it wold be reasonable to provide* for a lower academic qualification in the case

of such persons provided that the length of experience is about twice the length of required for a person having a Post-Graduate qualification provided further that a Dy. Registrar of the University should also have a minimum experience of 10 years on the post of Dy. Registrar for being considered eligible for the post of the Registrar.

We were informed that one of the posts of the Deputy Registrars in the University relates to matters pertaining to finance and accounts. We considered as to whether it should be necessary to prescribe separate qualifications for this particular post of Deputy Registrar. We came to the conclusion that if the Assistant Registrar has special knowledge and experience of accounts and finance, it should not be necessary for the Deputy Registrar incharge of that branch also to have that special knowledge and experience. We felt that it would be desirable for the Deputy Registrar to be shifted from one branch to another after a certain specified period of work in a particular branch. We are, therefore, in favour of prescribing uniform qualifications for all the posts of Deputy Registrars. However, we feel that for the post of the Assistant Registrar dealing with finance and accounts, special qualifications should be prescribed. Keeping in view the above considerations, we are of the view that the following qualifications should be prescribed for the posts of the Registrar, the Deputy Registrar and the Assistant Registrar :

1. Registrar :

Essential Qualifications :

- (i) First or high Second Class Post-graduate Degree.
- (ii) Atleast ten years' administrative experience in a position involving supervision, control & planning.

Desirable Qualifications :

- (i) Familiarity with the life and working of a University or with the educational administration in an College, University or an institute of higher learning or research.
- (ii) Experience of teaching in a college or an University.

- (iii) A degree or a diploma in Management.

2. Deputy Registrar : *Essential Qualifications :*

- (i) First or High Second Class Post-graduate Degree.
- (ii) Atleast seven years' administrative experience in a position involving supervision, control and planning.

Desirable Qualifications :

- (i) Familiarity with the life and working of a University or with the educational administration in a College, University or an institute of higher learning or research.
- (ii) Experience of teaching in a college or an University.
- (iii) A degree or a diploma in Management.

3. Asstt. Registrar
(except Asstt.
Registrar Incharge
of Fnanee & Acco-
unts).

Essential Qualifications :

- (i) First or High Second Class Post-graduate Degree.
- (ii) Three years' experience of administration in a position involving supervision control and planning.

OR

Three year's experience of teaching in a College or University or an Institute of higher learning or research.

OR

Three year's experience in management of a project of academic significance sanctioned by a University, University Grants Commission or the Central or a State Government.

4. Asstt. Registrar *Essential Qualifications :*

Incharge of Finance (i) M.Com. with 3 year's experience of matters relating to finance and accounts of an University, a college or an institute of higher learning or research or of a Govt. department. A Chartered Accountant would be preferred and in his case the condition of experience may be waived.

From the above it would be noticed that we have insisted upon ten years' and seven years' experience in an administrative capacity for the post of the Registrar and Deputy Registrar respectively. We have deliberately done so, far we felt that teaching experience did not necessarily equip a person with administrative acumen though instances may be found where a good teacher has also provided to be a good administrator. If besides this experience in administration, a person had some teaching experience also, that would only be an additional desirable qualification.

While prescribing qualifications for the post of Asstt. Registrar we have treated experience of teaching also as counting towards the experience required for eligibility for being considered for this post. We have done this deliberately, because we felt that persons who had worked as lecturers in a College or an University for a period of three years should also be considered eligible for this post though they may not have had any administrative experience in a suitable assignment. To our mind, the lack of experience in an administrative capacity would not come in the way of effectively discharging the duties required of the post of the Assistant Registrar.

The Committee was informed that there is a statutory Selection Committee for selecting the Registrar. We feel that the Dy. Registrar and the Asstt. Registra should be selected by a Committee consisting of the following :—

1. Vice-Chancellor Chairman.
2. A Deen of the University (To be nominated by the Vice-Chancellor).
3. Two experts not in the employment & of the (To be nominated by the Vice-Chancellor).
Rajasthan University.
4. One of whom should be a member of the Syndicate.
5. Registrar of the Rajasthan Member Secretary.
University.

Before we conclude, we would like to suggest that as a measure of general policy a person who has already superannuated should not be considered for appointment to any of the posts discussed above.

Shri J.N. Mathur, Dy. Registrar

The minutes of the ordinary meeting of the Faculty of Medicine and Pharmaceutics held on 22nd November, 1969 and the emergency meeting held on 4.9.70 were confirmed.

1. The Faculty considered a letter No, 3494/70 dated the 1st April, 1970 from the Principal, J.L. Nehru Medical College, Ajmer regarding minimum percentage of attendance for appearing at the M.B., B.S. Examination as desired by Dr. S.K. Sharma vide his letter dated 28.8.70.

Resolved that status-quo be maintained.

2. The Faculty considered the recommendation contained in its Res. No. 2 dated 22nd Nov., 1969 referred back by the Academic Council vide its Res. No. 2 dated 13th February, 1970, with the observation that it was not in favour of retaining the present requirement of five years' experience as Head of the Department for the post of Principal of a Medical College as that would deprive even senior persons working as Professors in a department having more than one Professor to ever become Principal of a College merely on the ground that he did not work as a Head of the Department, which would not be academically sound.

Resolved to reiterate that the requirement of possessing experience of at least five years as Head of the Department for the post of a Principal of a Medical College be retained in view of the folloywing :—

- (i) Heads of Departments are ex-officio members of the the Faculty. They also become Conveners of the Boards of Studies and by virtue of their being Conveners they are members of the Academic Council.
- (ii) Heads of Departments acquire administrative experience which is very necessary for the post of a Principal.
- (iii) Heads of Departments are examiners of post-graduate examinations.

- (iv) In the M.B , B.S. Examinations when there are more than two examiners they act as Convener.
- (v) Since the experience as Head of the Department is required for the Principals of colleges in some other Faculties also, there is no reason why it should not be retained in the case of a Medical College.

Dr. L.M. Sanghvi Dissented with the above Resolution.

4. The Faculty considered a letter No. Gen /MC./Exam./ 233 dated 22.4.1970 received from Dr. D.G. Ojha, Principal, S.P. Medical College, Bikaner suggesting measures to be adopted for reducing the expenditure in conducting Post-graduate and Under-graduate Medical Examinations.

Resolved that status-quo be maintained.

5. The Faculty considered a letter No. 8 (113) 69/Med/ 23313 dated the 13th March, 1970 received from the Secretary Medical Council of India, New Delhi conveying the opinion of the Council that the nomenclature of the M.D. (Medicine & Therapeutics) Degree of the University should be M.D. (General Medicine) as adopted by the various other Universities in India.

In this connection it was reported that a reference was made to the Dean, Faculty of Medicine who suggested (vide his letter No. 6577/DF/70 dated the 7th April. 1970) that the nomenclature of the M.D. (Medicine & Therapeutics) Degree be changed as M D. (General Medicine) or M.D. (Medicine).

Resolved to recommend that the degree of M.D. (Medicine & Therapeutics) be re-named as M.D. (Medicine) and the following consequential changes be made in the relevant Ordinances

O.278-A :

Substitute—"Medicine" for "Medicine & Therapeutics."

O 278-C : Branch M.D.

Substitute—"Medicine" for "Medicine & Therapeutics."

6. The Faculty considered a letter No. MCI-12 (1-4) 69-Med/2710 dated the 11th May, 1970 from the Secretary, Medical Council of India, Temple Lane, Kotla Road, New Delhi regarding Teacher's eligibility qualifications—appointment of teachers in Cardiology in Medical College.

Resolved that the letter be recorded.

7. The Faculty permitted Dr. S.K. Sharma, Prof.&Head of the Department of Pharmacology, J.L.N. Medical College, Ajmer to withdraw his proposal regarding payment of additional remuneration to the Convener if he is also an examiner as contained in his letter dated the 18th May, 1971.

8. The Faculty considered the recommendations of the Committee (*vide Appendix-I*) appointed by it vide its Res. No. 19 dated 22nd Nov., 1969 for examining the recommendations of the Post-Graduate Medical Education Committee of the Medical Council of India duly accepted by the Medical Council at its meeting held on 14 March, 1969 as communicated by the Secretary of the council vide his letter No. MCI-8 (114)67-Med/2052 dated 26th April, 1969.

Resolved to recommend that the recommendations of the aforesaid Committee appointed by the Faculty be accepted. The Faculty also observed that no further action was necessary in view of the fact that according to the Ordinances of the University a non-medical man was not registered for M.D. and M.S. degrees.

9. The Faculty considered a letter No. 20 (66) 6353/69-70 dated the 7th July, 1970 from the Hony. Secretary, I.M.A.

College of General Practitioners, Indian Medical Association New Delhi regarding the Establishment of a department of General Practice in Medicine in the Indian Universities, together with the remark of the Dean, Faculty of Medicine & Pharmaceutics.

Resolved to recommend that the matter of organising the Refresher Courses for General Medical Practitioners be left to the various State Governments and the branches of the Indian Medical Associations.

10. With reference to its Resolution No. 25 dated the 22nd Nov., 1969 under which it was decided that moderation of question papers was not necessary in the Faculty of Medicine, the Faculty considered a letter of Dr. D.P. Gupta, Prof. & Head of the Department of Pathology and Bacteriology, J.L.N. Medical College, Ajmer duly forwarded by the Principal of the College vide his endorsement No. Orgi. 2149/70 dated the 12th February, 1970 suggesting that moderation of question papers be introduced in the Faculty of Medicine.

Resolved that the suggestion be not accepted.

Resolved to recommend that the recommendations of the Board of Studies be accepted with the following modifications/observations :

(I) *Ref. Recommendation No. 2 of the Board :*

The Faculty observed that under the existing circumstances and the prevailing customs everything possible was being done. The Faculty further desired that these observations be communicated to the Principals concerned.

- (II) *Ref. Recommendation No. 4 of the Board reg. distribution of topics in the subjects having two papers :*

In this connection the Faculty noted that as desired by it vide its Res. No. II dt. 4.9.1970 the recommendations of the Board had been accepted by the Vice-Chancellor under his emergency powers and circulated to the Principals of the colleges concerned.

"The present practice of referring the plans of thesis of candidates in various subjects for different Post-graduate degrees to all the members of the Committee of Post-graduate Medical Education and Research Committee for opinion regarding the suitability of the subject for registration in my opinion is not necessary. Medical College, Jaipur (duly forwarded by the Principal of the College vide letter No. 19443 dated 20.10.1970) proposing deletion of Emulsions, ointments and plasters from the Pharmacy practicals of Second Year M.B.,B.S. course.

Resolved that the proposal be referred to the Board of Studies in Medicine.

17. The Faculty considered a proposal of Dr. S.K. Sharma, Professor of Pharmacology, J.L.N. Medical College, Ajmer as contained in his letter dated the 18th May, 1970 to the effect that there should be uniform rates of remuneration for internal and external examiners for practical examinations in all subjects and a minimum must be laid down for both internal and external examiners.

Resolved that the proposal be referred to the Committee appointed by the Academic Council vide its Res. No. 4 dated 29th October, 1969 with the observation that the Faculty supported the proposal.

18. The Faculty considered a letter No. 68/Phy/FM/70 dated the 19th November, 1970 from Dr. M.L. Gupta, Professor and Head of the Upgraded Department of Physiology and Biochemistry, S.M.S. Medical College, Jaipur suggesting that as qualified teachers are now available, certain provisions

of O.65 the University Hand Book Pt. II (which had been incorporated earlier in view of the scarcity of qualified teachers at that time) be reviewed and the following changes be made :

- (1) The qualifications for the Post of Assistant Professor/Lecturer in Anatomy, Physiology, Pharmacology, Pathology and Microbiology, Preventive & Social Medicine, Chest Diseases, Veneriology and Dermatology, Anaesthesiology and Radiology be the same as for the post of Reader in the respective subjects.
- (2) Qualifications for the post of Reader, Assistant Professor/Lecturer in Dentistry be the same as for the post of Professor.
- (2) Under teaching experience for the Post of Assistant, Professor/Lecturer in Medicine, Surgery, Obstetrics and Gynaecology, Paediatrics, Chest Diseases, Psychiatry, Veneriology and Dermatology, Medical Specialities, Orthopedics, Anaesthesiology, Radiology, E.N.T., Ophathalmology, Surgical Specilities, Dentistry, the words—'Tutor/Registrar' be replaced by 'Tutor/Demonstrator/Registrar'.

Resolved to recommend that the suggestions made by Dr. Gupta be accepted.

19. The Faculty considered letter of Dr. B.C. Sangal, Professor of Pathology & Bacteriology, S.M.S. Medical College, Jaipur suggesting that instead of appointing two external and one internal examiner for evaluating the post-graduate thesis, all the three examiners be external and two of them be called for conducting the theory and practical examination which will not cause extra financial liability to the University but at the same time save the internal examiner from embarrassment.

Resolved that status-quo be maintained.

20. The Faculty noted that—(i) last year the University accepted donations for two Gold Medals, namely (a) Seth Ram Gopal Shiv Ratan Mohatta Gold Medal and (b) Smt. Leelawati Sharma Memorial Gold Medal, the former to be awarded to a candidate adjudged as best among the successful candidates by the Board of Examiners for M.S. Pt. II in E.N.T. and the latter to a candidate adjudged as best among the successful candidates for M.S. Pt. II in Gynaecology and Obstetrics, (ii) the E.N.T. Medal could not be awarded so far due to non-availability of a candidate, (iii) the Gynaecology Medal was awarded last year to the only candidate who passed the examination and (iv) for the ensuing Convocation of 1970 there are more than one candidates who have been declared successful at the M.S. Pt. II Examination in Gynaecology and Obstetrics from different centres.

In this connection the Faculty considered letter No. 18667/MC/GS/70 dated the 5th October, 1970 from the Dean, Faculty of Medicine stating that since no marking system was followed for the post-graduate examinations in the Faculty, it would not be possible to adjudge as to who was the best candidate out of those declared as successful and, therefore, suggesting that the candidate's performance at the M.B., B.S. Examination be taken into account to adjudge as to who was the best candidate.

Resolved that (i) for this year only, as recommended by the Dean, the medal for Gynaecology & Obstetrics be awarded to the candidate who has been declared successful at the M. S. Pt. I and Pt. II examination in Gynaecology and Obstetrics in the first attempt. If there are more than one such candidates then the medal be awarded to the candidate who has passed first, second and final M.B., B.S. examinations in the first attempt, and if there are more than one such can-

didates, the medal be awarded to the candidate who has secured the highest number of marks in the subject of Gynaecology & Obstetrics at the Final M.B., B.S. examination.

(ii) Committee consisting of the following be appointed to go into the matter and make its recommendations for future :—

1. The Dean (Chairman)
2. Convener, Board of Studies in Medicine.
3. Heads of the Departments of Gynaecology & Obstetrics, S.M.S. Med. College, Jaipur.
4. Heads of departments of Medicine, S.M.S Medical College, Jaipur.
5. Head of the Deptt. of Surgery, S.M.S. Medical College, Jaipur.
6. Head of the Deptt. of E.N.T., S.M.S. Medical College, Jaipur.

21. The Faculty considered letter No. Estt/40(13)64/2697 dated 20th November, 1970 from the Principal, R.N.T. Medical College, Udaipur suggesting that the following alternative qualifications may be approved for the post of Lecturer in Bio-Physics :

“M.Sc. (Physics) with two years experience of Medical Electronics in a Medical College.

Resolved that status-quo be maintained.

22. With reference to the recommendation No. 12 dated 22.11.69 of the Faculty of Medicine & Pharmaceutics recommending amendments to O.65 in respect of minimum qualifications for teachers in Medical Colleges, it was reported that the Syndicate at its meeting held on 11th April, 1970 referred back the minimum qualifications recommended for Readers and Lecturers in Forensic Medicine for re-consideration with

the observation that the Syndicate was not in favour of lowering down the minimum qualifications as Forensic Medicine was a subject of examination and involved a lot of medico-legal work.

In this connection the Faculty considered letter No. 15688 dated the 18th November, 1970 from the Principal, S.P. Medical College, Bikaner suggesting a criteria for promotion of teachers in Forensic Medicine to higher ranks in view of (i) the report of the Medical Education Committee—1969 of the Government of India to the effect that the Head of the Department of Forensic Medicine be a Professor and (ii) and there is acute dearth of teachers in Forensic Medicine.

Resolved to recommend that the academic qualifications for the post of Reader and Assistant Professor/Lecturer in Forensic Medicine be the same as for Professor/Additional Professor and Associate Professor in that subject.

Resolved to recommend further that as there was still acute dearth of teachers in Forensic Medicine possessing the requisite qualifications, a provision be made for granting relaxation from the minimum academic qualifications in individual cases on merits of each case.

23. Arising out of the fore-going resolutions Nos. 18 and 22 of these minutes, the Faculty *recommended* the following consequential amendments to O.65-VII of the University Hand Book Part II in respect of the minimum qualifications for teachers in the Medical Colleges :

- (I) In para 6 of the Ordinance insert the words—"and in the subject of Forensic Medicine" between the words—"Surgery" and 'the qualifications' so that the para will read as follows :

“In case of specialities under Medicine and Surgery and in the subjects of Forensic Medicine the qualifications and experience should also be as scheduled below but in case the post has been advertised and suitable candidates are not available, the qualifications can be relaxed”.

- (II) In the academic qualifications for the posts of Assistant Professor/Lecturer in the subjects of Anatomy, Physiology, Pharmacology, Pathology and Microbiology, Preventive and Social Medicine, Chest disease Veneriology and Dermatology, Anaesthesiology and Radiology the alternative qualifications be deleted so that the academic qualifications for these posts will be the same as for the higher post.
- (III) In the academic qualifications for the post of Reader and Assistant Professor/Lecturer in Dentistry delete—“B.D.S. preferably with M.B., B.S.” and put ‘ditto’ so that the academic qualifications will be the same as for Professors.
- (IV) Under teaching experience for the post of Assistant Professor/Lecturer in Medicine, Surgery, Obstetrics & Gynaecology, Paediatrics, Chest Diseases, Psychiatry, Veneriology and Dermatology, Medical Specialities, Orthopaedics, Anaesthesiology, Radiology, E.N.T., Ophthalmology, Surgical Specialities, Dentistry, the words—‘Tutor/Registrar’ be replaced by ‘Tutor/Demonstrator/Registrar’.

24. With reference to its Resolution No. 17 dated the 22nd November, 1969 the Faculty considered the following suggestions of Prof. K.L. Varma (Member Syndicate) as contained in his letter No. 4. dated the 24th November, 1970 :

- (a) The system of fictitious Roll Nos. already obtaining at the various Post-graduate Examinations of the University be introduced.
- (b) Examiners in Theory papers should be entirely different from those appointed as Practical Examiners and must not be connected with any of the Medical Colleges in Rajasthan.
- (c) Marks in Theory papers should be submitted directly by the examiners to the Registrar, University of Rajasthan.
- (d) Among 'Instructions to Examiners' issued by the University there should be one to the effect that the marks shall be entered both in figures and words and duly initialled by the examiners.

Resolved to recommend that status-quo be maintained.

25. At this stage the Dean apprised the Faculty of the receipt of a representation made to him by the students of the Final M.B., B.S. and the Second M.B., B.S. class of the S.M.S. Medical College, Jaipur requesting for postponing the date of the ensuing examinations from 2nd December to 15th December, 1970.

The Faculty considered the request very sympathetically but *resolved that* the same be not acceded to as the entire

programme of practical examinations was fixed up in consultation with the external examiners whose acceptance had already been received in almost all the subjects and any change in the dates was apt to upset the entire programme.

The meeting ended at 4.45 p.m. with a vote of thanks to the Chair.

APPENDIX-I

(Ref :-Res. No. 8 of the meeting of the
Fac. of Med. dated 26.11.70)

Recommendations of the Committee appointed
by the Faculty of Medicine at its meeting held
on 22.11.69 Vide Resulution No. 19.

The Committee agrees with the Recommendations of the Medical Council of India that the word "medical" be retained for M.Sc. for Non-Medical candidates in the Faculty of Medicine to differentiate the M.Sc. degree awarded in the Faculty of Medicine from the M.Sc. degree awarded in the Faculty of Science. The Committee also agrees that the Degree to be awarded to Medical Post-graduates should be M.D. and not M.Sc. in future. However, the Committee does not agree with the Recommendation of the Medical Council that only the candidates who obtain M.Sc. in the Medical Faculty be appoined as teachers in the Medical institutions for the following reasons :

- (a) In certain subjects like Biochemistry only certain Universities are awarding post-graduate degree in the Faculty of Medicine while most of the Universities still award in the Faculty of Science. If this restriction is laid qualified teachers will not be available.
- (b) In certain subjects like Bio-physics, the post-graduate degree is awarded in the Faculty of Science in most of the Universities.

2. The Board went through the reports of the examiners and question papers set for the examination of 1969-70 and resolved to recommend that the following remarks of the External examiners be brought to the notice of the Principals of the respective colleges for taking necessary action :—

(i) *Obstetrics and Gynaecology*
S.P. Medical College, Bikaner

“The examinations were limited by the number of patients available for examination so the many students examined the same

patient on successive days. Reports of Vaginal Examination were given to the students as neither men nor women students had experience of examining such pelvic examination on women patients in O.P.D.s or taken the opportunity provided on anaesthetised patients prior to surgery. Knowledge of some basic definitions e.g. the P.P.H. and stages of labour was lacking and further experience should be given to simple Obstetric procedures. Knowledge of family planning advice and procedure is also lacking in many students."

S.N. Medical College, Jodhpur.

"Performance of the candidates was satisfactory. However, they gave an impression of having not witnessed sufficient number of abnormal cases and gynaecological operations."

(ii) *Pharmacology :*

J.L.N. Medical College, Ajmer :

"Working of the students was quite satisfactory although the equipment and working conditions are highly satisfactory but the staff working in the Department is very meagre; staff consists of four persons only, namely : One Professor, one Lecturer and and two Demonstrators. The staff required an Additional Reader or Assistant Professor, two Lecturers and two Demonstrators to do full justice in teaching as is made available everywhere else. The University must move the Government for these additional posts. The number of candidates being taught are over 100."

Surgery :

R.N.T. Medical College, Udaipur.

"Clinical knowledge/good" Practical knowledge in Anatomy and Pathology needs improvement."

3. The Board scrutinised the statement of qualifications and teaching experience etc. of the teachers and revised the panel of examiners for 1970-71 accordingly.

4. The Board considered the suggestions received from various members while considering the courses of study and text-book in Medicing and resolved to recommend that existing courses should continue for the 1st M.B., B.S. Examination—December, 1972, 2nd M.B., B. S. Examination—May 1974 Final M.B., B.S. Examination—December, 1975 with the modifications (vide Appendix-I).

5. -- The Board considered the suggestions received from the teachers of various institutions with regard to the courses of study in response to the academic Council Resolution No. 40 dated 15th January, 1969. As no suggestions were received, it was resolved to recommend that the present practice should continue.

6. The Board considered the following suggestions of the Vice-Chancellor made by him in consultation with the Convener of the Examinations Reforms Committee :

- (A) Regarding award of sessional marks, these may be awarded on the basis of Articulation, Comprehension and Objective Tests of the students as per details given below :—

Articulation... ..4 marks

Each student may be required to write at least one essay on the subject each term. This may be assessed by two independent teachers independently and marks recorded. Marks may be declared publicly and if any student feels aggrieved he may be explained what that particular award given.

Comprehension... ..3 Marks

A test may be conducted each term to examine whether the students have picked up the appropriate expression, and have understood the subject matter.

Objective Test .. 3 Marks.

Under this category marking may be done but the marks may not be shown to the candidate. But the solution may be written by the teacher and posted on the notice board so that the students may know the correct answers. If this rational basis is adopted there is a change of increasing the quantum of internal assessment.

(B) As regards syllabus at the post-Graduate Level it suggested that

(i) a list of full and half courses may be prepared according to the availability of teaching competence.

(ii) it may be possible for a student to offer two full courses as a topic to give specialisation in that topic. Such a student would prepare himself for research in this topic.

(iii) a student who wishes to learn the subject for becoming a teacher, he may offer 4 half courses governing a variety of topics to have an extensive view of the subject. In fact the students may have to choose one full and two half courses.

(C) For very few bright students it may be suggested that they may be encouraged to do

some self-study on pre-assigned topics which are not included in the curriculum and they may be assessed entirely on that as far as sessional marks are concerned.

The Board *resolved to recommend* that the present practice be continued.

7. The Board considered the following draft resolution prepared by Dr. Daya Krishna, Chairman, Examinations Reforms Committee and accepted by the Academic Council vide its Resolution No. 35 dated the 1st April, 1970 :—

“Resolved that in the interest of raising standard of teaching and examinations, and awards of degrees the Board of Studies may prepare alternative Scheme and courses and examinations in their respective subjects to be implemented as early as possible”

Resolution :

Due to late admission in many medical institutions of some of the States, want of teachers, increased admission and the immaturity of students it becomes almost impossible to finish the course and to keep the standard. The House resolved that since it is not possible to control the other factors, the period of training for the first M.B., B.S. Course must be increased from 18 months to 24 months.

Remarks of the Dean :

The period of training for the first M.B., B.S. Course should only be increased from 18 months to 24 months, if the period of internship is reduced to 6 months and of total course is increased to 5 years instead of $4\frac{1}{2}$ years.

APPENDIX I

Ref:- Res. no. 8 of the minutes of the Syndicate held on 14th Dec. 1970.

The Standing Consultative Committee during the course of its three sittings on 18th Sept. 1970, 4th and 5th Nov. 1970 examined the representation of Shri T.N. Bhatnagar, Lecturer in Physics and also interviewed him in order to clarify the issue involved in his case. Shri S. Kalyani's name appeared at number 1 and the name of Shri T. N. Bhatnagar appeared at Sl. No. 2 on the reserve list prepared by the Screening Committee.

A request was made to the Government of Rajasthan in October 1962 to send these two lecturers on deputation. But it so appears that the Government did not intimate to either of them. Since the University could not wait for long, it withdrew its offer by the end of 1962 and made fresh appointments of Lecturers to fill the vacant posts.

Later on both Shri A. Kalyani and Shri T. N. Bhatnagar came to know about the offer made by the University. Shri A. Kalyani was prepared to join the University subject to the condition that his wife was also appointed as Lecturer in the Department of Mathematics. As an assurance of this kind could not be given, Shri Kalyani did not join the University service.

In the meantime, Shri Bhatnagar had joined the University of Jodhpur as a Lecturer in the Department of Physics on the basis of his second option given at the time of merger. While at Jodhpur Shri Bhatnagar learnt from the Director of Education that the offer of deputation had been withdrawn. He wrote to the Registrar of this University vide his letter dated 29th January, 1963 that he had not received the original offer from the Government of Rajasthan, otherwise he would have certainly joined.

In March 1963, the Government was informed in reply to an enquiry that Shri Bhatnagar could not be absorbed against a vacancy. Subsequently, however, the Vice-Chancellor decided on 6. 4. 1963 that-

“ We should get proper application on the printed form from Mr. Bhatnagar. He will not be taken on deputation any longer. This should be made clear to him. He will be treated as a new candidate to be judged by the Selection Committee.”

Shri Bhatnagar was required to fill an application form. Later when a permanent post fell vacant. Consequent upon, Dr. Bhatwadekar's appointment as Reader, Shri Sonawala expressed his willingness to take him. The Vice-Chancellor then ordered that Shri Bhatnagar may be offered a substantive appointment on one year's probation and may be telegraphically informed and asked to join on 6th August. A telegram was issued on 3.8.1963 and Shri Bhatnagar joined the University on 9.8.1963. He was confirmed on 9.8.1964. The question of appointing him as a fresh candidate after his being selected by a Selection Committee according to the Statute was not pursued.

While Shri Bhatnagar was still on probation, Director of College Education enquired in June, 1964 presumably because no statutory selection had been held before appointing him, if he would be taken on deputation. He was informed that because Shri Bhatnagar had been appointed at his own request, it was not possible to consider him on deputation. After this, Shri Bhatnagar was required by the Government to submit an application for extra-ordinary leave which he did under protest in July, 1965 which, incidentally, was forwarded by the University to the Government after six months later in December, 1965. He represented his case for deputation in November 1966 and again in January 1967 at which certain amount of correspondence followed between the University and the Director of College Education in which the question was raised that the University would not accept any financial liability in any form. By implication it was clear that the University having not followed the correct and intended procedure of appointment, was not willing to accept this person on deputation if the Government accepted the financial liability. This issue was never clinched and the matter for all practical purposes rests at this point.

At this stage reference should be made to the recommendation of a Committee consisting of Dr. M. V. Mathur, Shri V. V. John which was set up on 3rd July, 1963. It expressed the view that RES people joining later should be considered at par with the original lot in the matter of absorption in the University. Shri Bhatnagar's representation is that he is entitled to be treated as on deputation having been absorbed from the reserve list. He has referred the case of Shri S. S. Mittal, Lecturer in Mathematics, who was also on the reserve list and who; like Shri Bhatnagar, was at first appointed by the University on probation as a fresh candidate but was later on treated as on deputation.

The position taken by the University in the first instance was that as the Government had not responded inspite of several reminder and as teaching was suffering for want of teachers, it found no alter-native to withdrawing the offer and making fresh appointments by open selection. After this action had been taken, Shri Bhatnagar had no claim for absorption. Later on, the University decided to take him as a fresh candidate and as an RES vacancy existed it made him an offer of appointment on probation for one year. This offer cannot be treated as a fresh appointment made on the recommendation of a Selection Committee and has to be treated as having been made on the same basis which applied to other R. E. S. personnel and which was originally contemplated in his case. The Govt. enquiry after his appointment whether he was to be treated on deputation as originally contemplated was correctly made. Only the University raised the issue of financial liability.

According to the legal aspect of this case, it is also not disputed that Shri Bhatnagar was confirmed on the post of Lecturer without facing the Selection Committee as constituted under the Statute 20 of the University Hand Book Part II. He was appointed primarily on the basis of the reserve list prepared by the Screening Committee. If Shri Bhatnagar was to be appointed as a fresh candidate there is no reason why he should not have been appointed through open selection. Whether the University could appoint him as a fresh candidate taking him from the reserve list is thus open to question. In our view, this could not be done because both these methods of appointment by absorption from the reserve list or by open selection are mutually exclusive.

We have carefully considered the case of Shri Bhatnagar in the light of the decision taken by the University in the case of Shri S.S. Mittal. We don't find any substantial difference between these two cases merely because Shri Bhatnagar was required to put up his application on the prescribed form while Shri Mittal did not do so. The fact remains that as in the case of Shri Bhatnagar, an offer was made to Shri Mittal on 4.9.1963 to take him as a fresh candidate. Shri Bhatnagar accepted the offer on the basis of an application. Mr. Mittal accepted the same by joining the appointment on one year's probation and without making an application. Later on the request of the State Government he was treated on deputation. Both Mr. Mittal and Mr. Bhatnagar were taken from the reserve list and were not appointed by open selection and thus both these cases are substantially similar.

The Committee, therefore, recommends that Shri T. N. Bhatnagar may be considered as having been taken on deputation during the period of his probation. In making this recommendation, the Committee has also taken into consideration the financial aspect of this case. On rough estimates given by the office, it works out about Rs. 4,500/- in the shape of—

- (a) arrears to be paid to Shri Bhatnagar on account of re-fixation of his pay.
- (b) payment of leave and pension contribution to the State Government for the period of Shri Bhatnagar's one year deputation in the University which would have been duly paid in due course as in other cases.

In regard to (b), however, the University should approach the Government again in continuation to the latter of January 1967 and other subsequent communications in order to get them to accept the financial liability on the score of pension etc.

The Committee considered the opinion of the Legal Adviser on this case and found that the same is a faithful recording of the facts. Accordingly the Committee was of the opinion that the candidate is guilty of misbehaviour with the invigilator and therefore it recommended that the opinion of the Legal Adviser be placed before the Syndicate for awarding such punishment to the candidate as it deems fit.

ANNEXURE

(Ref:- Res. No.13 of the minutes of the Syndicate held 14th Dec. 1970)

Shri Ashok Fouzdar, a student of II Year T. D. C. Art. of M.S.J. College, Bharatpur has been charged for misbehaviour, while appearing in the examination of II Year T. D. C (Arts) Examination on 28th of April, 1970 in the morning hours.

2. From the facts available on the file it is clear that there were 3 Invigilators in the Examination Hall in the morning session of 28th April, 1970, that is, Shri M.K. Maharishi, Shri Somnath Singh and Shri O.D. Gupta. Shri P.L. Chaturvedi was invigilator in room No. 12 which had a common door between the room and the examination hall where Shri Ashok Fouzdar, bearing Roll No 2571 was sitting. From the office record it is evident that Shri Somnath Singh, invigilator saw the aforesaid candidate Shri Ashok Fouzdar, bearing Roll No. 2571, indulging in talks with another candidate bearing Roll No. 2622. Shri Somnath Singh warned the candidate not to indulge in talks during the examination hours which was not relished by Shri Ashok Fouzdar. Immediately Shri M.K. Maharishi who was standing in the last row in that very Hall (as per his statement) reached on the spot where Shri Fouzdar was sitting. There was a lot of noise in the Hall.

3. The seat of Shri Ashok Fouzdar was near the common door between the Hall and the Room No. 12. Since Shri Chaturvedi was in Room No. 12, he also came near the common door between Room No. 12 and the Hall hearing the noise.

4. While Shri Somnath Singh was talking to Shri Ashok Fouzdar, Shri P. L. Chaturvedi casually remarked that he should have greater respect for Shri Somnath Singh who is very senior in age. He also told that even the lecturers who are his colleagues have respect for him. He advised Shri Ashok Fouzdar to remove his chair a little forward so as to avoid any chance of complaint as the other seat of the candidate bearing Roll No 2622 was quite close to him. Shri Ashok Fouzdar refused to obey the instructions and used abusive language like Bastard, 'fool' for the invigilators. He also questioned the propriety of Shri Chaturvedi's presence there. According to the candidate, Shri Chaturvedi had no jurisdiction or right to say anything when he was appointed invigilator for Room No. 12.

5. The matter was brought to the notice of the Principal both by the invigilator and the candidate himself. The Principal went into the Hall and handed over the answer-book to Shri Ashok Fouzdar to answer the questions. The reason was that Shri Ashok Fouzdar left the room without giving any intimation that he was going to see the Principal. He left his seat without seeking permission from the invigilators and as such his answer-book was picked up from his table.

6. It is a clear case of mis-behaviour of the examinee during the examination. The Principal also did not take pains to enquire the matter from Shri O. D. Gupta, invigilator, or from the candidate bearing Roll No. 2622 to ascertain the truth.

7. This is a peculiar case where in the charges and counter-charges have been levelled by the invigilator as well as by the examiner against each other. The invigilators referred to above have levelled a charge of grave mis-behaviour against the candidate while the candidate has made a complaint against Shri P. L. Chaturvedi on the following grounds :—

(i) Snatching his answer-book during examination time.

(ii) Shri P.L. Chaturvedi and Shri Meharishi were talking at the door just near his seat and there by disturbed him and other examinees during examination time; and

(iii) Beating him on the night of 28th April, 1970.

8. This matter was enquired into by a Committee constituted vide order dated 6th July, 1970. The Committee also examined the respective invigilators as well as the candidate, to ascertain the truth. This was also done with a view to provide an opportunity to Shri Ashok Fouzdar of hearing and to observe principles of natural justice.

9. Shri Chaturvedi in the course of his statement before the Committee has clearly stated that the examinees sitting in Room No. 12 were disturbed on account of the utterances of Shri Ashok Fouzdar. It was his duty as an invigilator to stop the disturbance caused on account of the talks between Shri Ashok Fouzdar and Shri Somnath Singh and Shri Mehrishi.

10. The Committee has gone through the statements of Shri Somnath Singh, Shri M. K. Mehrishi, Shri P. L. Chaturvaedi, and Principal of M. S. J. College, Bharatpur and the statement of Shri Ashok kumar Fouzdar and has given its anxious consideration to the matter to ascertain the truth.

11. From these statements as well as from the letter written by the Principal to the Registrar dated 4th June, 1970, it is clear that Shri Fouzdar was served with a charge-sheet and he submitted his reply to the said charge-sheet where in he stated the following :—

1. आपके पत्र के अनुसार मैंने किसी लडके से बातें नहीं की थी । बात करने वाले दूसरे लडके थे । इसलिए मेरा दोष न होने के कारण मैंने श्री एम० के० महर्षि साहब को कुर्सी बढ़ाने से इन्कार कर दिया । इसके अलावा इन्होंने मुझे जबरदस्ती भी कुर्सी से उठाने की कोशिश की ।
2. जिन इनविजी लेटर महोदय को गाली देने का इल्जाम लगाया है वह महोदय हाल में नियुक्त नहीं थे और उन्होंने मुझसे जबरदस्ती कापी छीन ली । इनकी नियुक्ति कमरा न० 12 में थी इसलिए उन्हें कापी छीनने का कोई अधिकार नहीं था । जहां तक वहस का सवाल है वह मैंने हाल के बाहर की है जिसका परीक्षा से कोई संबंध नहीं है ।
- 3 इसके अलावा वह 'महाशय बारबार आकर बातें कर रहे थे जिससे हमारा ध्यान बंटता था ।

11. The Principal also wrote to the father of Shri Ashok Fouzdar for his alleged misbehaviour. The Principal as mentioned in the said letter also made enquiries from other students who were sitting in the hall when Shri Ashok Fouzdar was sitting about the said incident.

12. Shri Ashok Fouzdar has denied the charge of misbehaviour and complained that Shri Chaturvedi and Shri Mehrishi were talking to each other which disturbed him. His plea is that he requested them not to disturb him. He also stated that his seat was forcibly removed and his answer-book was snatched away by Shri P. L. Chaturvedi. It is evident from the Principal's report that the version of Shri

Fouzdar that he did not misbehave was found to be incorrect. This fact cannot be brushed aside and the Committee has to take note of this fact.

13. The Principal has mentioned in his letter referred to above that Shri Chaturvedi is in the habit of talking to his friends in the examination room about which he was informed. The Principal believed the version of the examinee with regard to snatching away his (examinee) answer-book on 28th April, 1970. The Principal's view is that since there were three invigilators in the hall, they were competent enough to deal with the situation and Shri Chaturvedi's entry into hall was unwarranted and against the rules.

14. During the course of enquiry, it was disclosed that Shri Ashok Fouzdar's father went in the evening to the residence of Principal and apologised for the misbehaviour of his son, and assured him of his good behaviour in future. The Principal advised the father to take his son to the residence of the above mentioned invigilators, so that his son might apologise for his misbehaviour. Shri Ashok Fouzdar went to the house of Shri J. P. Dixni where Shri Chaturvedi was happened to be present. Shri Ashok Fouzdar apologised for his misbehaviour. Shri Chaturvedi told Shri Ashok Fouzdar not to worry about the incident rather prepare himself for the next paper of the examination. According to the version of Shri Fouzdar, while he was returning he met about 40-50 persons, who surrounded him at the instance of Shri P. L. Chaturvedi. A report is alleged to have been made to the police about this incident. In the light of these facts, two points deserve consideration :—

- (i) How far the charges levelled against Shri P.L. Chaturvedi are proved.
- (ii) Whether Shri Ashok Fouzdar was beaten by 40 to 50 persons at the instance of Shri P.L. Chaturvedi.

The Committee perused all the papers concerning it and the evidence recorded before the Committee. After going through the evidence on record it is rather difficult to believe the version of Shri Ashok Kumar Fouzdar with regard to his being beaten by 40-50 persons on the night of 28th April, 1970 at the instance of Shri P.L. Chaturvedi while he was going to his residence after making apology to his respective invigilators. This story has been purposely and intentionally concocted with a view to avoid the consequences

resulting out of his misbehaviour. It has been clearly stated by Shri Chaturvedi that Shri Ashok Fouzdar informed him through certain persons that if Shri Chaturvedi was prepared to withdraw his complaint against Shri Ashok Fouzdar, he would not press his complaint lodged before the police. Shri Chaturvedi flatly turned down this offer. He further stated that since the matter was reported to the University and it was for the Principal to take the decision and not for him.

From what has been stated above, it is evident that Shri Ashok Kumar Fouzdar misbehaved with his invigilator Shri Somnath Singh. He also did not spare Shri P.L. Chaturvedi and used filthy and abusive language. He deserves punishment.

15. The Centre Superintendent of Examination is fully empowered to take decision in the matter and punish the examinee for his misbehaviour which he failed to do. There is no provision either under the Act, Statutes, Ordinances for directly dealing with such cases. The Syndicate being the main executive authority can consider the matter and may in exercise of its executive power take suitable action in the matter.

II be also upgraded and (ii) the Syndicate vide its Res. No. 45 dated 1/2nd May, 1969 had agreed to revise the pay scales on the pattern of the State Government.

3. The Committee also took note of the following :

- (a) Res. No. 22 passed by the Faculty of Science at the meeting held on 31st January, 1970 recommending the following pay scales for teachers of Agriculture Colleges :

The gist of this recommendation of the Faculty is that in S. 30 (1) O. 66 and O. 67-I it should be incorporated that the teachers of all the affiliated colleges will be paid salary, grade and Dearness Allowance and other allowances as prescribed by the State of Rajasthan from time to time.

- (d) Endorsment No. 1072 dated the 2nd Nov., 1970 from the General Secretry, RUCTA forwarding a copy of letter addressaed by him to the Education Secretary, Rajasthan suggesting revi-

sion of the salary scales of P. T. Is and Librarians in colleges so as to be at par with that of Lecturers viz., Rs. 375-850.

4. The Committee had asked the office to collect information from the Principals of the non-Government affiliated colleges about the current pay scales of the teachers in their respective colleges and in case they were law the reasons for not paying them according to the grades as laid down by the University in O.66. The information thus collected was carefully perused and it helped the Committee in sizing up the problems and making its recommendations. A perusal of the information so collected revealed that most of the colleges were giving pay scales to the teachers as per minimum norms prescribed by the University under O.66, but Dearness Allowance was given on Government rates by such colleges only as were getting grant-in-aid from the Government. In other cases either no dearness allowance was being paid or it was paid at nominal rates.

5. The Committee considered it desirable to invite Shri H.C. Rara, General Secretary of the RUCTA so that he might explain the view-point of the RUCTA about its suggestion for having three types of pay scales viz., ordinary, senior and selection as stated in his letter cited above. Shri Rara was good enough to meet the Committee at its meeting held on 13th August, 1970. The Faculty considered the situation arising out of the boycotting of the December, 1970 M.B.,B.S. examinations by some students. In this connection the Faculty also considered a memorandum submitted by the members of the so-called Action Committee of all the Medical Colleges of Rajasthan, to the Vice-Chancellor containing the following demands :

- (1) That the second attempt for Final M.B.,B.S. examination instead of being conducted in May should be shifted to second week of March. (This year due to special circumstance the March attempt should be given in the first week of April)
- (2) That the Final M.B.,B.S. examination which were boycotted by the students should be held again with the prior notice of three weeks by the University and it should not be counted as an attempt.
- (3) The Second M.B.,B.S. examination should be held again for those who have boycotted it and should be held with final M.B.,B.S. examination beside the May attempt.
- (4) There should be no compulsion regarding attendance for the remanded students of all levels of M.B.,B.S. Examinations.
- (5) The students who are stopped from appearing in the examination because of shortage of attendance should be detained in the subject or subjects in which their attendance is short and not in all the subjects.
- (6) The internship period should finish by 31st December for those who passed in first attempt, in all circumstances so that the doctors can

apply for jobs outside Rajasthan which started from 15th January usually.

After considering the pros and cons of the entire matter the Faculty made the following recommendations in respect of the demands put forth by the Action Committee, *seriatim*.

1. Status-quo be maintained and the Final M.B., B.S. examination be continued to be held in the months of May and December.
- 2 & 3. In view of the fact that a very large number of students could not take the second and the Final M.B.,B.S. examinations of December, 1970 even though they wished to appear at the same, the University be requested to arrange for holding the same examinations again some time towards the end of January, 1971 or the beginning of February, 1971 at the latest. All students who could not appear or appeared but failed at the December, 1970 examinations be permitted to appear at the examinations to be held in January/February, 1971 and the appearance at the examination of December, 1970 and/or January/February, 1971 be counted as only one attempt.

The Faculty further *recommended* that a Committee consisting of (i) the Dean and (ii) Convener, Board of Studies in Medicine be appointed to examine the administrative problems arising out of the aforesaid recommendation and give its suggestions to the Vice-Chancellor for over-coming them.

4. Status-quo be maintained and remanded students be required to put in minimum attendance before they are allowed to appear at the examination.

5. The request be *not* acceded to.
6. The Faculty observed that relaxation in internship period could be made by the University on merits of each case upto 30 days only so as to conform with the Rules of the Medical Council of India.

The meeting ended at 4.00 p.m. with a vote of thanks to the Chair.

12. The Faculty considered the following proposals of three Craft Instructors working in the Teacher's Training Colleges at Ajmer as contained in their letter dated 3.10.1970 :

- (1) उद्योग शिक्षकों में अनेक शिक्षक हो सकते हैं जो द्वितीय श्रेणी में स्नातकोत्तर परीक्षा उत्तीर्ण हों। उनके लिए राजस्थान की नियमावली के अनुसार प्राध्यापक का वेतन क्रम देने का प्रावधान है। अतः इन शिक्षकों को प्राध्यापक उद्योग पद दिया जाना चाहिए।
- (2) शिक्षा संकाय में बी० एड० डिग्री के पाठ्यक्रम के अन्तर्गत जितने विषय पढ़ाये जाते हैं, उनके शिक्षकों का प्रतिनिधित्व रहता है, जिनसे वे अपने विषय के स्तर को ऊँचा उठाने का हर सम्भव प्रयत्न कर सकते हैं और तदविषय अपनी कठिनाइयों पर संकाय की बैठक में विचार कर सकते हैं। खेद है कि उद्योग विषय के अध्यापकों का प्रतिनिधित्व नहीं है जिससे यह विषय निरन्तर अपेक्षित बना हुआ है। अतः शिक्षा संकाय उनको प्रतिनिधित्व देने की आवश्यकता पर विचार करे।

Resolved that the proposals be not accepted.

13. The Faculty considered the following three proposals of Shri S.L. Jain (ex-Member, Faculty of Education) Lecturer, Govt. T. T. College, Bikaner as contained in his letter dated 29th August, 1970 :

- (1) This University recognises M.Ed. degree earned by vacation courses. It is a misfortune that teachers from Rajasthan have to go to Nagpur, Poona Dharwar etc. to earn M.Ed. degrees through vacation courses.

This University should start M.Ed. vacation courses from the coming session so that the progressive State of Rajasthan may not lag behind in this respect. It will be also useful if evening classes for M.Ed. degree are also started in some college.

Since the University recognises M.Ed. degree earned through vacation courses, it is under moral obligation to start such vacation programmes for the benefit of the teachers. The best course is to allow teachers to work for M.Ed. degree as a private candidate and for dissertation, one can contact the experts for guidance.

- (2) The rules framed by this Faculty require that one can teach a particular school subject if one is qualified for it. This should be strictly applied in case of the practical examinations of B.Ed. degree. The Board of Examiners should consist of persons from Humanities, Languages and Sciences. This will guarantee justice to the performance of pupil teachers in their school subjects.

It will be a good tradition if the examiners give model lessons to the staff and students of the college concerned. This will help the staff to appreciate the depth in the lessons given by the examiners. The mono-

poly of the Principals cannot be allowed to os on in the field of practical examinations.

- (3) Most of the teachers in the schools have to teach school subjects other than those offered at the B.Ed. level. Teaching experience in respect of school subjects should also be considered an important factor. Hence one should be allowed to offer a school subject if one has put in five years of exeperience in that subject. The condition that one should have offerred both the school subjects at degree level does not sound realistic in view of the privailing circumstances.

Resolved to recommend as follows :

(I) *Ref : Proposal No. (1) :*

- (a) Vacation of Evening courses for M.Ed. degree be not permitted in the University.
- (b) A reference be made to the Univerties of Nagpur, Poona and Dharwar as to whether they allow M. Ed. degree by imparting vacation courses and if so the Ordinances/Rules/Regulations, the scheme of examination and syllabus for the same be referred to the Equivalence Committee for considering the question of their recognition.

(II) *Ref : Proposal No. (2) and (3) :*

Status-quo be maintained.

14. The Faculty appointed Principal K. C. Tandor, Gramothan Vidyapeeth Shiksha Mahavidyalaya, Sangaria as

a member of the Board of Studies in Education vice Shri P.D. Sharma, Ex-Principal, Regional College of Education, Ajmer for the residue of the term i.e. upto 31st July, 1972.

15. It was reported to the Faculty that the Vice-Chancellor vide his orders dated 24.11.1970 accepted the 'Content' syllabus for the Methods of Teaching Arts, Domestic Science and Music for the B. Ed. Examination of 1971 as prepared by the Principal, Jialal Institute of Education, Ajmer and approved by the Dean, Faculty of Education because the 'Content' syllabus for these teaching subjects was not given in the B.Ed. syllabus of 1971 examination and some students of Jialal Institute of Education offered these subjects.

Resolved to recommend that (i) the orders of the Vice-Chancellor be confirmed and (ii) the 'Content' syllabus for the aforesaid subjects as accepted for the B.Ed. examination of 1971 be repeated for the B.Ed. Exam. of 1972.

16. The Faculty considered a proposal of Shri H.H.A. Bourai, Principal, Maharao Shekhaji Shiksha Mahavidyalaya, Jaipur as contained in his letter No. 283 dated 5th December, 1970 to the effect that since a Lecturer or a Professor or a Principal of a B.Ed. college could hardly acquire the experience of teaching a Post-graduate class in his college and if such a college was upgraded to the status of a Post-graduate college, one might be debarred under the existing minimum qualifications from becoming the Principal of such a college the minimum qualifications for the Principals of Post-graduate colleges in the Faculty of Education be amended so as to read as follows :

“At least a second class Post-graduate Degree (Arts, Science or Commerce) with Second class M.Ed. or Higher qualifications with a minimum professional experience of 12 years, out of which 5 years should be as

a teacher of a Post-graduate class in a Teacher's Training College *or three years experience as the Principal of a B.Ed. College of Education. In execeptional cases this may be waived by the Syndicate.*"

N.B. :—The words underlined were proposed to be added in the existing minimum qualifications.

Resolved that the proposal be *referred* to the Board of Studies in Education for consideration.

17. Resolved to recommend unanimously that 'Education' be interoduced as an optional subject for the B. A. examinations of the University.

APPENDIX 'I'

(Ref : Res. No. 2 of the meeting of the Faculty of Education dated 31st Dec), 1970)

Minutes of the meeting of the Board of Studies in Education held on 21st September, 1970 at 12 Noon, at the University office, Jaipur.

Present

1. Dr. I.B. Verma.
2. Dr. M.C. Singhal.
3. Dr. S.N. Mukherjee.
4. Dr. R.P. Bhatnagar. —by Invitation.
5. Shri U.S. Gaur. —By Invitation.
6. Shri S N. Srivastava. (Convener).

Under Section 24 E (8) of the University Act, the Board elected Shri S.N. Srivastava, Principal, Jialal Institute of Education, Ajmer, as its Convener Dr. M.C. Singhal resigned from Convener'ship.

1. Under Section 34(4) IV of the University Act, the Board elected Dr. I.B. Verma as a member to serve on the committee for the selection of examiners in different subjects for the year 1971.

2. The Board went through the question papers and reports of the different examinations held in 1970.

It was observed by the Board that due to two optional subjects which every candidate has to take for practice teaching and due to there being two theory papers one in each of these subjects, the B.Ed. Examination gets unnecessarily prolonged for several days. As such some scheme should be evolved by the University so that the duration of the Examination may be shortened.

More-over, atleast the "Specialisation paper" may be kept in the beginning of B.Ed. examination on first day and that this latter part of the proposal be implemented by the University from the Examination of 1971.

3. The Board went through the qualifications, experience of teaching of various teachers whose applications were received for examinationship and revised the panel for 1971.

4. The Board recommended the courses of study and textbooks together with changes in Regulations and ordinances for the following Examinations :—

- (1) B.Ed. Examination, 1972. (No change)
- (2) M.Ed. Examinations, 1972.

With regard to Theory papers at M.Ed. level the Board resolved that in place of two, there should be three compulsory papers for all namely (1) Philosophical and Sociological Foundations of Education (2) Research Methodology. and (3) Advanced Psychology in addition to this every candidate will take any two papers from any one area of specialization out of various areas of specialization provided in the syllabus.

The Board further recommended that one more paper of Evaluation and Measurement be added to the Psychology group I in M.Ed.

With regard to suggestion of the Principal, Regional College of Education, Ajmer for introducing "Science Education" as one more area of specialisation in M Ed there was again a sharp difference of opinion as 'Science Education' does not fit in Areas of specialisation of "Education" as a discipline. Later on after long deliberations the Board resolved that in addition to existing eight areas of Specialisations one more area "Science Education" may be added as proposed under item No. 14. Further that the proposed Syllabus be revised by the Principal so as to include sessional work.

There was also much discussion in the meeting of the Board of Studies with regard to the existing scheme of M.Ed. Viva-Voce and with regard to M.Ed. guide who is also internal Viva-Voce Examiner. Diverse opinions were expressed. Some stressed that the guide should necessarily be internal Viva-Voce Examiner whereas others impressed that there should be only one internal examiner and he may be Dean for all the candidates of all Colleges.

After much discussion the Board resolved to recommend that in place of holding the Viva-Voce at different Colleges and by different examiners it should be held in the University Office at Jaipur by two examiners. One internal examiner who will be Dean of the Faculty and the other examiner will be external. The Dean will be the convenor. This will result in uniformity and avoid the delay in Examination results in M.Ed.

It was further resolved that the M.Ed. examiners in Theory papers, Dissertation & Viva should be different to avoid many marks being in one hand.

4 (3) One year Teacher Education Course Examination of 1972 in Science, Commerce, Agriculture, Home Science & Languages.

Resolved to make no changes in the existing courses.

The Board was however of the opinion that the present suffixes in the nomenclature of the B.Ed. degree (Science, Commerce, Agriculture etc.) are confusing and should be either removed or reconsidered. It was proposed to refer the matter to the Faculty of Education.

4(4) Summer School cum Correspondence Course for B.Ed. Examination of 1972.

Resolved that the courses may continue as such. One more subject of Sanskrit be added

It was further confirmed, having been already passed by the Faculty, that in this Course only those candidates should be admitted (1) who have graduated in 1960 or earlier. (2) who possess at least five years of teaching experience in a recognised school and (3) who are not below 45 years of age.

4(5) Four Year Teacher Education course in Science B.Sc. B.Ed. First Year 1972, Second Year 1973, Third Year 1974 and Fourth Year 1975.—No Change.

The Board considered the revised Scheme of three year B.Sc. course, and four year B.Sc. (Hons.) B.Ed. Course as proposed by the Principal, Regional College of Education in his letter No. F9-196/70/8576 dated 29.7.70

Resolved that part of the Syllabus which deals with Education Course be approved. It further resolved that science courses dealing with B.Sc. and B.Sc (Hons.) B.Ed. Degree Courses under this scheme be referred to the Faculty of Science.

4(6) *Diploma in Adult Education 1970.*

The Board approved the proposed syllabus but desired that the Bibliography should be brought upto date. The Board decided that one more paper on "Communication" should be added to this course. It further resolved that the strength of the staff in the department should be five persons including the Head of the Department.

5. The Board considered a proposal of Principal, K.C. Tandon of Sangaria as contained in his letter dated 6.8.70 for amending O.320 so as to read as follows :—

"A candidate who after teaching the Bachelor's or Master's Degree (with two teaching subjects—Compulsory or Optional but not qualifying at the graduate level) can be admitted to the B.Ed. Course."

Resolved to recommend that the proposal be not accepted.

6. The Board considered the following suggestions of the Vice-Chancellor made by him in consultation with the Convener of the Examinations Reforms Committee :—

A. Regarding award of sessional marks these may be awarded on the basis of Articulation, Comprehension and Objective Tests of the students as per details given below :—

Articulation—4 marks

Each student may be required to write atleast one essay on the subject each term. This may be assessed by 2 independent teachers independently and marks recorded. Marks may be declared publicly and if any student feels aggrieved he may be explained what that particular award given.

Comprehension—3 marks

A Test may be conducted each term to examine whether the students have picked up the appropriate expression, and have understood the subject matter.

Objective Tests—3 marks

Under this category marking may be done but the marks may not be shown to the candidate.

But the solution may be written by the teacher and posted on the notice board so that the students may know the correct answers. If this rational basis is adopted there is a change of increasing the quantum of internal assessment.

B. As regards syllabus at the Post-graduate Level I suggested that—

- (i) a list of full and half courses may be prepared according to the availability of teaching competence.
- (ii) it may be possible for a student to offer two full courses as a topic to give specialisation in that topic. Such a student would prepare himself for research in this topic.
- (iii) a student who wishes to learn the subject for becoming a teacher, he may offer 4 half courses covering a variety of topics to have an extensive view of the subject. In fact the students may have to choose one full and two half courses.

C. For very few bright students it may be suggested that they may be encouraged to do some self-study on pre-assigned topics which are not included in their curriculum and they may be assessed entirely on that as far as sessional marks are concerned.

The Board was of the opinion that the suggestions under A and B are already being followed by the Colleges under the Faculty of Education and that the Principals of Colleges should implement them more carefully and to the maximum extent.

The Board resolved to recommend that under C very bright students may be given assignments for assignment should be of essay type. However, these students would not be exempted from sessional work.

7. It was reported that Academic Council, vide its Res. No. 35 dated 21.4.70 accepted the following draft resolution

prepared by Dr. Dayakrishana, Chairman, Examination Reforms Committee vide his letter No.Acd/c/1082 dated 17.4.70. as a result of discussions in the meeting of the Examination Reforms Committee held on 17th April, 1970 :—

“Resolved that in the interest of raising standards of teaching and examinations and award of degrees the Board of Studies may prepare alternative Schemes of courses and Examinations in their respective subjects to be implemented as early as possible.”

Resolved to recommend that it is not desirable at present to have alternate courses in Professional Degrees like B.Ed. and M.Ed.

8. The Board considered a proposal of the Secretary Board of Secondary Education, Rajasthan, Ajmer as contained in his letter No. ACA/Internal/70/61529-31 dated 16.3.70. for incorporating the Boards comprehensive Internal assessment Scheme in the Compulsory part of the B.Ed. Syllabus of the University and was of the opinion that the scheme in various forms was already being implemented by the Faculty of Education. Moreover provision for the same exists in the 1st paper under School Organisation.

9. The Board considered a proposal of the Principal Regional College of Education, Ajmer as contained in his letter No.F. 92/28/SSCC/70-71 dated 30.7.70 to the effect that the same syllabus prescribed for the teaching subject of Sanskrit for the B.Ed. degree of the University be adopted for the Teaching subject of Sanskrit for the B.Ed. Summer School cum-Correspondence course.

Resolved to recommend that the aforesaid proposal be accepted.

10. The Board did not discuss the proposal for supplementary examination for B.Ed.in the light of the fact that the Academic Council did not approve the same.

11. The Board considered the suggestions of Shri M.R. Paliwal, ex-Principal of Govt. T.T. College, Bikaner as per his letter No. 880-Aca/69 dated 1st December, 1969.

With regard to suggestion under the Head “Theory Papers” the Board resolved that (1) the proposal about the

topic of Health Education should be examined after three years as the existing syllabus has been recently overhauled (2) the proposal regarding "Contents and Methodology of Teaching School subjects" was accepted for implementation from 1972 (3) the proposal to include two more optional subjects (a) early childhood Education and (b) Elementary Education was accepted. Shri Paliwal should be asked to prepare draft syllabus for additional two subjects for consideration of the Faculty (4) the proposal to drop Basic Education was not accepted.

With regard to suggestions under Part II practical work the Board was of the opinion that most of the practical work suggested already exists under sessional work. It however postponed the proposal regarding re-distribution of marks under different heads and categories and raising them to the total of 500 marks (250 Internal and 250 External) so that it may not be reconsidered by the Faculty for specific recommendation.

As regards the "Content Syllabus" it was resolved that provision of contents exists in all subjects except Home Science and Arts in which subjects the provision should be made. The suggestion about equal distribution of work load was not accepted as the existing provision was considered adequate.

The suggestions regarding Assessment Scheme under three Theory papers was accepted and it was resolved that these proposals should be brought to the notice of all Principals for implementation.

12. It was reported that :—

- (i) The Academic Council vide its Res. No. 4(1) dated 13.2.70 appointed a Committee to consider recommendation No.4 dated 23.12.69 of the Faculty of Education to the effect that the nomenclature of the existing one-year Diploma Course in Adult Education be changed to the Degree of Bachelor of Adult Education and desired the Committee to see whether the existing syllabus of the Diploma Course in Adult Education was of the level of the proposed Bachelor's Degree Course.

- (ii) The Council considered the recommendations of the aforesaid Committee made at its meeting held on 16.3.70 and resolved vide its Res. No. 3 dated 31.4.70 that (a) the proposal of the Faculty of Education for changing the existing nomenclature of One-Year Diploma Course in Adult Examination to One Year Bachelor's Degree Course in Adult Education be accepted in principle and (b) the recommendations of the aforesaid Committee regarding improvements in the existing scheme of examination and syllabus for the Diploma Course so as to raise it to the level of Degree Course be referred to the Board of Studies in Education.

Resolved that the recommendation of the Committee made at its meeting held on 16.3.70 be accepted and one more paper as suggested by Shri U.S. Gour be added to the existing four theory papers. Further, Shri U.S. Gour be asked to provide essential sessional work under each theory paper.

13. The Board considered the proposal of the Principal, Regional College of Education, Ajmer as contained in his letter No.F.9-196/70/8578 dated 29.7.70 and resolved that the new subject of "Advanced Methodology of the Teaching of Science" be added as an additional optional paper under Group IX in the M.Ed. Syllabus and necessary amendments in Ordinances, Course of Study as given in Appendix be approved.

14. With reference to the Faculty of Education Res-No. 5 (ii) dated 22/23rd December, 1969 the Board considered omitting O.58(a) which read as under :

"There shall be a Committee of Course in Adult Education".

It resolved to recommend that in place of a Committee of courses in Adult Education one more member be added to the existing number of members of Board of Studies on account of amalgamation of Adult Education Department with the Faculty of Education.

15. The Board considered the list of publications as printed in the catalogue received from the Commission of

Scientific Technical Terminology. New Delhi, and resolved that books on Education be included in the syllabus.

16. The Board considered the list of publications of National Book Trust, India and resolved that books on Education be included in the syllabus.

17. The Board considered the complaint dated 30.4.1970 from the Principal, R.C.E., Ajmer alongwith the remarks of the paper setter and noted the same.

18. The Board considered the complaint dated 26.4.1970 received from Prof. of Education, College of Education, Banasthali. The reply of the examiner indicated that he had issued instructions while setting the question paper for issuing "Statistical Tables" for calculation but those were not sent by oversight by the University to the superintendent of the Centre. The Board was of the opinion that the University be intimated that it should be very careful in future in such matters.

16. The Board considered the complaint dated 21.4.1970 of the Principal, T.T. College, Sardarshahr alongwith reply of the examiner and noted the same.

The trainees will gain specific skills in the Work-shop in the coustruction, repair and maintenance of laboratory equipment. Major Units of the secondary School syllabus will be studied in the Department and the experiments & demonstration at different levels of difficulty & using different types of naterial will be prepared and developed. The experimental work will be treated as the heart of the programme of training.

Methodology :—

UNIT I. *Philosophy of Science Educaition :*

A. *What is Science ?*

Science is man's attempt to interpret the Universe. (Modern approach)

B. *Why include Science in the Curriculum ?*

- (1) The values of Science in modern life practical intellectual-aesthetic.
- (2) Importance of Science Teaching in Atomic space Age : Social implications of Science; Science & World Relations; The Uses of Science for Good and Evil.

C. *The Objectives of Science Education :*

The should consist of assigned readings, lectures and discussion designed to produce in students an understanding of the following.

- (a) The changing nature of Science education objectives the concept that objectives grow out of the nature of Science itself and out of the nature of different cultures.
- (b) *Types of Objectives* :—Objectives can relate to cover such things as functional information or facts concepts and understanding of principles, instructional skills, problem-solving skills, attitudes, appreciations, interests and changed behaviour.

In reflecting upon and summarizing the objective of Science Teaching it is helpful to keep the general change in emphasis in mind.

- (i) Preparation for life not for just college or higher education i.e. From the acquisition of content per se, to the development of functional learnings.
- (ii) From logically organized content, to content organized about problems of concern to the students (Approach-Principal-theory-laboratory verification to Laboratory-discovery-Principal-theory application).
- (iii) From Geophysical concepts to the cosmological inter-relation to the other Sciences.

- D. Science should be regarded and taught as integrated discipline (Inter disciplinary Approach) :—

Grouping of material round a Central them:—

- (i) Grouping round a scientific principle—may be a scientific principle, matter of scientific interest, a scientific theory, or the measurement of a physical quantity.

The whole of the mechanics can be organized around the idea of 'work'. Around the equivalence of the various forms of energy, including chemical energy, all the data about animal & Vegetable metabolism, the calorific value of foods, the maintenance of body temperature and soon can be taught. Around the idea of wave-motion could be grouped the study of sound, the measurement of frequency the facts of resonance, the characteristics of musical notes, the speed of light and the rest of the electro Magnetic spectrum, the tuning into a radio broadcast etc. may be taught. Biological themes might include inter-dependence of animals and plants, or the adaptation of creatures to their environment, on Origin of life.

- (ii) Subjects of immediate interest to Pupils—Around the topic 'what happens when things burn ?' may be collected the chemistry of Oxidation, the botany of plant respiration, the zoology of animal, including human, respiration. The topic may lead to a further collection of associated material, to food and diet; to vitamins and catalysts, to various important catalytic processes such as the manufacture of Vanaspathi Ghee and artificial fertilizers, Oxidation and respiration may be connected with the functions of the blood, the heart, and thus with valves, pumps and soon.

10 जनवरी, 1970 को राजस्थान विश्वविद्यालय जयपुर के समक्ष दीक्षान्त भाषण

कुलपति महोदय, उपकुलपति महोदय,

इस वर्ष के स्नातको, महिलाओं और सज्जनों !

राजस्थान विश्वविद्यालय के समक्ष आपने मुझे दीक्षान्त भाषण देने के लिए आमंत्रित किया, इसे मैं अपना गौरव मानता हूँ मुझे यह अवसर देने के लिए मैं विश्वविद्यालय के अधिकारियों का धन्यवाद करता हूँ। मुझे विदित हुआ है कि यद्यपि राजस्थान में विश्वविद्यालय स्थापित करने का विचार वर्तमान शताब्दी के तीसरे दशक में उठा था किन्तु जनवरी, 1947 में ही राजस्थान विश्वविद्यालय अधिनियम अमल में आ सका। मुझे यह जानकर हर्ष हुआ है कि दो दशकों से कुछ ही अधिक समय में इस तरुण विश्वविद्यालय ने सामान्यतः देश में, और विशेषतः इस प्रदेश में, उच्च शिक्षा की उन्नति में बहुत प्रगति की है। मुझे प्रसन्नता है कि यह विश्वविद्यालय नई दिशा दे रहा है और कुछ ऐसे नए विभागों को विकसित करने का प्रयास कर रहा है जो सामान्यतः हमारे बहुत से विश्वविद्यालयों में नहीं है। मैं विश्वविद्यालय के अधिकारियों को इस उपक्रम के लिए बधाई देता हूँ।

जब से हमारा देश स्वतन्त्र हुआ है हम शिक्षा से पहले से कहीं अधिक अपेक्षा रखने लगे हैं। पहले शिक्षा का उद्गम लोक परम्पराएं नहीं थी और इसलिए शिक्षित व्यक्ति अपनी ही संस्कृति से विलग रहते थे। आज यह स्वीकार किया जाता है कि हमारे विश्वविद्यालय इस प्राचीन देश के ज्ञान के भंडार हों। वे भारतीय सभ्यता की कीर्ति के प्रतीक बने और भारत के राष्ट्रीय जीवन को प्रतिबिम्बित करें आज हमारे विश्वविद्यालयों को देश में एक नवीन सामाजिक व्यवस्था कायम करने के उच्च आदर्श को पूरा करना चाहिए। विश्वविद्यालय की शिक्षा को हमारी राष्ट्रीय आकांक्षाओं की पूर्ति का एक साधन बनना चाहिए।

नए ज्ञान की खोज, उसकी उन्नति, सत्य की तलाश, और उपलब्ध ज्ञान की सीमांसा विश्वविद्यालय की शिक्षा के ये कुछ परम्परागत मुख्य

उद्देश्य है। विश्वविद्यालय की शिक्षा से यह भी आशा की जाती है कि उससे जीवन के प्रत्येक क्षेत्र को सही किस्म का नेतृत्व मिले; और समाज को कला, कृषि, इंजीनियरी, चिकित्सा और ज्ञान की अन्य शाखाओं के प्रशिक्षित तथा योग्य व्यक्ति प्राप्त हों जो तरक्की और खुशहाली के लिए जरूरी हैं। यद्यपि विश्वविद्यालय की शिक्षा के ये उद्देश्य बहुत महत्व रखते हैं फिर भी वर्तमान समय के परिवर्तनों को ध्यान में रखते हुए, विश्वविद्यालय की शिक्षा के माध्यम से शिक्षा का प्रसार करके समानता और सामाजिक तथा आर्थिक न्याय की अभिवृद्धि पर जोर दिया जाना चाहिए। आज समाज में एक क्रांति दिखाई दे रही है। इस प्रक्रिया में शिक्षा परिवर्तन का मुख्य साधन है।

हमने एक ऐसे जीवन को अपनाया है जिसका आधार लोकतंत्र है। राजनीतिक लोकतंत्र सामाजिक तथा आर्थिक लोकतंत्र पर आधारित है और इन्हें एक दूसरे से अलग नहीं किया जा सकता। हमारे संविधान में जो आदर्श रखे गए हैं उन्हें पूरा करने के लिए हम वचनबद्ध हैं। हमारे संविधान में सभी नागरिकों को कतिपय मूल अधिकारों की गारंटी दी गई है। राज्यों को भी निदेश दिया गया है कि वे लोगों के कार्य करने, शिक्षा प्राप्त करने, जीवन यापन के लिए पर्याप्त धन कमाने, स्वास्थ्य तथा रहन सहन के स्तर को ऊँचा उठाने आदि के अधिकारों की रक्षा करें। यदि हमें उस नई सामाजिक और आर्थिक व्यवस्था की स्थापना करनी है जिसकी कि हम कामना करते हैं हमें इन मूल अधिकारों तथा राज्य की नीति के निदेशक सिद्धान्तों को जीती जागती वास्तविकताओं में परिणत करना होगा। मानव के बीच समानता की स्थापना, गरीबी और अज्ञान का निवारण और जनता के रहन-सहन के उचित स्तर की उपलब्धि देश के सुशिक्षित नवयुवकों के द्वारा ही संभव है जिनके एक महत्वपूर्ण वर्ग का आप लोग प्रतिनिधित्व करते हैं। शिक्षित नवयुवकों को कुछ नया चिन्तन करना होगा। उन्हें यह समझना चाहिए कि आज हमारा समाज जिस रूप में विकसित हो रहा है उसमें व्यक्तिगत सिद्धियाँ भी राष्ट्रीय विकास की व्यापकतर निष्ठा के प्रति समर्पण से ही प्राप्त हो सकती हैं। उन्हें वैयक्तिक या वर्गगत स्वार्थों की संकीर्ण निष्ठाओं से ऊपर उठने का अभ्यास करना होगा अब किसी शिक्षित व्यक्ति द्वारा जीवन में स्वार्थसिद्धि की सफलता प्राप्त कर लेना ही काफी नहीं है। उसी को अपने साथियों के कल्याण तथा सुख की चिन्ता और उत्तरदायित्व का भार भी सहन करना है। शिक्षित व्यक्ति अपने कर्तव्य का तब तक निर्वाह नहीं कर

पायेगा जब तक कि वह राष्ट्रीय विकास के काम में हाथ न बटाये और अपने सभी उपलब्ध साधनों के द्वारा उसको बढ़ावा न दे ।

राष्ट्रीय विकास की समस्याएं बहुविध एवं जटिल है और उनके संतोषजनक समाधान के लिए सुशिक्षित पुरुषों तथा महिलाओं की आवश्यकता है । उदाहरण के लिए हमे खाद्य के विषय में आत्म-निर्भरता प्राप्त करनी है । यह काम विश्वविद्यालयों द्वारा नये नये ज्ञान तथा कौशल प्राप्त करने तथा उसके प्रसार द्वारा ही किया जा सकता है । आर्थिक विकास तथा पूरे-पूरे रोजगार की समस्या को शीघ्र हल करने की आवश्यकता है क्योंकि एक स्वतंत्र राष्ट्र के रूप में अपने मनोबल को हानि पहुंचाये बिना हम जनता को निर्धनता तथा बेरोजगारी अथवा आंशिक रोजगार की वर्तमान स्थिति को अब जारी नहीं रख सकते । एक राष्ट्र के रूप में अपनी एकता को बनाये रखने के लिए सामाजिक तथा राजनीतिक एकता को मजबूत बनाने की समस्या महत्वपूर्ण है । चूंकि हमारा समाज सदा से ही परम्पराप्रिय तथा विभिन्न वर्गों में विभाजित रहा है इसलिए, यह समस्या ऐसी कठिनाइयां सामने ला रही है जिन्हें दो दशकों के प्रयत्नों के बावजूद पूरी तरह हल नहीं किया जा सका है । राष्ट्रीय विकास का यह एक ऐसा क्षेत्र है जिसमें देश की शिक्षित युवा पीढ़ी प्रभावपूर्ण ढंग से भाग ले सकती है । अन्ततः राजनीतिक विकास की उपलब्धि के लिए शिक्षित लोगों के सक्रिय तथा प्रबुद्ध प्रयासों की आवश्यकता है । एक राष्ट्र के रूप में हमारी आकांक्षाओं को प्राप्त करने में सहायता करके तथा लोगों के सामने जो नई जीवन पद्धति है उसको अपनाने के लिए उनको समर्थ बनाकर, हमारे शिक्षित युवक तथा युवतियां हमारे लोकतंत्र को मजबूत बना सकते हैं और जनता की आकांक्षाओं को पूरा करने में राज्य की सहायता कर सकते हैं । समाज को तथा मान्यताओं को एक नया रूप देने की आवश्यकता है । यह कार्य शिक्षा तथा शिक्षित पुरुषों तथा महिलाओं की सहायता से ही किया जा सकता है । राष्ट्र के सामने एक विशाल कार्य है और उसे शीघ्र पूरा करना है । विद्यार्थी जीवन में भी खाली समय का तथा छुट्टियों का उपयोग समाज सेवा के लिये किया जा सकता है । आगे चलकर युवकों को समाज सेवा के उन अवसरों का उपयोग करने के लिये समय निकालना होगा जो जीवन के सभी क्षेत्रों में अनेक रूपों में मिलते रहते हैं ।

यह गांधी शताब्दी वर्ष है जिसमें राष्ट्रपिता का जीवन और शिक्षाएं हमारे सामने अनेक अवसरों पर अनेक प्रकार से उपस्थित की गई हैं । इस अवसर पर हमें अपने आपसे यह प्रश्न पूछना है कि हमने इस शिक्षा को कहाँ

तक व्यावहारिक रूप दिया है। आज की विकट परिस्थिति में हमारी जनता गांधीजी की सबसे महत्वपूर्ण शिक्षा, अर्थात् अहिंसा को अपनाए, इसका विशेष महत्व है। इस तथ्य से हमें जो थोड़ा सा आश्वासन मिला था कि केवल कुछ ही प्रमुख देश हाइड्रोजन बम बना सकते हैं, वह भी हाल के इन समाचारों से मिट गया है कि एक क्रान्तिकारी हाइड्रोजन बम बनाना भी सम्भव है जो इतना सस्ता होगा कि अनेक देश उसे बना सकेंगे। ससार भय से पीड़ित है केवल गांधीजी का अहिंसा का सन्देश ही मानवता को विनाश से बचा सकता है। मैं इस अवसर पर अपने युवकों तथा युवतियों से यह प्रतिज्ञा करने का आग्रह करना चाहता हूँ कि वे अहिंसा के इस महान् आदर्श का तथा समस्याओं के समाधान के लिये शान्तिपूर्ण तरीके अपनाने का प्रचार करें और सेवा तथा समर्पण की भावना से हमारे राष्ट्रीय उद्देश्यों तथा आकांक्षाओं के लिये कार्य भी करें। हमें प्रतिज्ञा करनी चाहिए कि हम मन, वचन तथा कर्म से हिंसा का परित्याग करेंगे। हिंसा हमारी प्रगति में केवल गतिरोध ही पैदा कर सकती है। यह हमारे हाथ में है कि हम मानवीय सम्बन्धों में अच्छी परम्परायें स्थापित करें जिससे हम स्वीकार करें कि दूसरे को नाराज किये बिना भी अन्य तथा भिन्न विचार रखा जा सकता है। विचारों की भिन्नता से घृणा तथा शत्रुता की भावना पैदा नहीं होनी चाहिए। हमें अपने विवादों का निपटारा शक्ति के बजाय वाद-विवाद तथा विचार-विमर्श से करना चाहिए। यदि इस देश के युवा इन आदर्शों तथा शान्तिपूर्ण तरीकों के प्रति समर्पित है तथा सहिष्णुता को अपनाते हैं, तो उनका उदाहरण समाज तथा राष्ट्र पर और अन्तर्गत विश्व शान्ति पर अपना प्रभाव डालेगा।

आधुनिकीकरण की प्रक्रिया में विज्ञान तथा तकनीकी ज्ञान को सबसे अधिक शक्तिशाली साधन माना गया है और यह ठीक ही माना गया है। प्रगति तथा विकास के लिये शिक्षा तथा विज्ञान में अनुसंधान का कार्य अत्यन्त आवश्यक है। साथ ही हमें भारतीय होने के नाते अपनी बहुमूल्य आध्यात्मिक धाती को दृष्टि से अभ्रम नहीं होने देना चाहिये। हमारे विश्वविद्यालयों में विज्ञान के ज्ञान की प्रगति का मार्गदर्शन केवल भौतिक लक्ष्य द्वारा नहीं होना चाहिये। हम विज्ञान का उपयोग करें और उसके ज्ञान को मानवता की सेवा के लिये काम में लायें परन्तु हम उसे अपने ऊपर हावी न होने दें और उसे

अपना स्वामी न होने दें। जिस औद्योगिक क्रान्ति से होकर हम गुजर रहें हैं उसमें मानवता की भावना की उपेक्षा नहीं होनी चाहिये और न ही नैतिक सिद्धान्तों की अवहेलना होनी चाहिए। शिक्षा आयोग के प्रतिवेदन (1964--66) के शब्दों "में" यदि हम सबक सीखें तो हम विज्ञान का उपयोग सांस्कृतिक तथा आध्यात्मिक मान्यताओं के प्रति अपने मूलभूत कर्तव्यों को पूरा करने में बाधक होने की अपेक्षा साधक होने में कर सकते हैं। हमारा लक्ष्य और उत्तरदायित्व यह होना चाहिए की जीवन की बुनियादी समस्याओं के सम्बन्ध में प्राचीन ऋषियों ने जो अन्तर्दृष्टि प्राप्त की थी, जो एक प्रकार से अतूठी है और जो विश्व की घटनाओं के प्रति गम्भीरतम अन्तर्दृष्टि का सार है, उसकी नए सिरे से व्याख्या करे और उसे चिन्तन का नया स्तर प्रदान करें।

इस वर्ष के स्नातको, आप अपनी मातृ संस्था से पूर्ण रूप से सज्जित होकर संसार में समस्याओं और चुनौतियों से जूझने के लिये प्रवेश कर रहे हैं। मैं आपसे आग्रह करता हूँ कि आप अपने देशके प्रारब्ध में विश्वास रखते हुए कार्य करें। उसको प्राप्त करने के लिये आपका योगदान अत्यावश्यक है ! आपको देशभक्ति तथा समर्पण की भावना के साथ कठोर परिश्रम करके राष्ट्र की आर्थिक और सामाजिक प्रगति में योगदान करना होगा। आप राष्ट्रीय पुनर्निर्माण के पुनीत कार्य में अपने ज्ञान, कौशल और शक्ति को समर्पित करें और निष्ठा और समर्पण की भावना से कार्य करके दूसरों के लिए उदाहरण रखें। हमारे सामने जापान जैसे देशों के प्रेरणादायक उदाहरण हैं जो दूसरे विश्व युद्ध के विनाशकारी प्रभावों से न केवल उबरे हैं बल्कि पहले से भी अधिक शक्तिशाली हो गये हैं और उन्होंने अनेक दिशाओं में तेजी के साथ प्रगति की है। उन्होंने अपने देशभक्त नागरिकों के निष्कपट और अनवरत कठोर परिश्रम द्वारा पुनर्निर्माण में एक चमत्कार सा कर दिखाया है। उनके उदाहरण ने यह सिद्ध कर दिया कि राष्ट्रीय उन्नति के लिये कठोर परिश्रम करना अत्यन्त आवश्यक है। आप जो भी पेशा या धन्धा चुनें उसमें स्यायी सफलता प्राप्त करने का भी यही एक-मात्र साधन है। मुझे कोई सन्देह नहीं

ऐसे शासक थे, जिन्होंने एक सुन्दर नगर ही नहीं बनाया, विज्ञान को, विशेष-तया गणित ज्योतिष को, प्रोत्साहन भी दिया ।

यह राजस्थान विश्वविद्यालय का सौभाग्य है कि डा० भटनागर इसके उपकुलपति हैं । मुझे विश्वास है कि वे यहां गणित के एक प्रगतिशील दल के रूप में अपनी छाप छोड़ जाएंगे । इस विश्वविद्यालय ने अपनी पच्चीस वर्षों से भी कम आयु में विद्या और गवेषणा के क्षेत्र में अच्छी ख्याति अर्जित कर ली है ।

वैज्ञानिक होने के नाते मैं इस ऐतिहासिक नगर में आकर विशेष रूप से प्रसन्नता अनुभव कर रहा हूँ । यह मुझे इस बात की याद दिलाता है कि भारत उन दिनों भी, विज्ञान और टेक्नोलॉजी में उतना पिछड़ा हुआ नहीं था, जितना कि बताया जाता है, और साधारणतया विश्वास भी किया जाता है । यह हम वैज्ञानिकों के लिए गर्व का विषय है कि, यहाँ इस नगर में, एक ऐसा महापुरुष पैदा हुआ जो लियोनार्डो द विंची और गैलीलियो से किसी प्रकार भी कम सर्वप्रतिभाशाली न था ।

दीक्षांत समारोह के अवसर पर विद्यार्थियों के प्रति भाषण देना लगभग एक रस्म रिवाज-सा बन गया है । अक्सर इस अवसर पर बहुत सी चिकनी-चुपड़ी बातें कहीं जाती हैं, और विश्वविद्यालय से निकलते हुए युवा नर-नारियों को मुक्त रूप से सलाह दी जाती है । मैं नहीं कह सकता कि इस अवसर पर जो बातें कही जाती हैं उन्हें कितने विद्यार्थी ध्यान से सुनते हैं, और जो कुछ सुनते हैं, उसका उनके युवा मस्तिष्कों पर क्या प्रभाव पड़ता है । मैं समझता हूँ कि काफी वर्ष पहले, जब विश्वविद्यालयों से थोड़े से युवा स्नानक आशा और विश्वास के ससार में प्रवेश करते थे, तो समाज में उनके चलन, और साहस के साथ जीवन की समस्याओं का सामना करने के संबंध में कही गई बातें उनको कहीं अधिक आकर्षित करती थीं । पर आज परिस्थितियाँ न केवल भिन्न हैं, बल्कि कठिन हैं, शिक्षा व्यापक हो गई है, और विश्व-विद्यालयों से निकलने वाले विद्यार्थियों की संख्या बहुत अधिक बढ़ गई है । स्वयं जीवन भी पहले में कहीं अधिक जटिल हो गया है । स्वतन्त्रता और जनतंत्र के साथ, शिक्षा स्वतन्त्र नागरिक की एक महत्वपूर्ण आवश्यकता ही नहीं रही है, वह उसका एक अनिवार्य अंग बन गई है और यह ठीक ही है । हमारे देश की जनसंख्या और शिक्षा के प्रसार में तेजी से वृद्धि हुई है, पर आर्थिक प्रगति

उतनी तेजी से नहीं हो सकी। इससे, शायद हमारे देश की नयी पीढ़ी के लिए ऐसी समस्याएं उत्पन्न हो गई हैं, जो तेजी से आर्थिक प्रगति करने वाले अधिक उन्नत देशों की सभी पीढ़ियों के सामने नहीं आती। भारतीय विश्वविद्यालयों से निकलने वाले युवा स्नातक तूफानी समुद्र में नौकाओं के समान हैं। मैं अपने सामने बैठे हुए युवकों को बताना चाहता हूँ कि मैं आप से यह कुछ शब्द कहते हुए चिंता का अनुभव कर रहा हूँ, और मैं उन कठिनाइयों और संकटों की भली भांति कल्पना कर सकता हूँ, जिन का सामना रोजगार प्राप्त करने के लिए करना पड़ेगा। मेरी पूर्ण सहानुभूति और मंगल कामना आपके साथ है।

मैं आप सबसे निवेदन करूँगा कि हम थोड़ा सोचें। सोचें कि हम क्या कर रहे हैं? वास्तव में इस प्रकार की गम्भीर विचारणा आज प्रत्येक भारतीय को करनी चाहिए। पर मैं अपने युवा मित्रों से सोचने के लिए इसलिए कह रहा हूँ, क्योंकि वे अपने मस्तिष्क से बाहरी बातों को दूर रखकर तटस्थता के साथ सोच सकते हैं। जब एक अधिक आयु का व्यक्ति कुछ कहता है, अथवा कुछ करता है, तो ऐसा कुछ लग सकता है कि वह चाहता क्या है? पर, मेरे युवा मित्रो, आपके विषय में ऐसा संदेह नहीं किया जा सकता, क्योंकि आपके मस्तिष्क ताजा हैं, अलिप्त हैं और खिलती कलियों के समान सुन्दर हैं। यही कारण है कि मैं आप से यह विशेष अनुरोध कर रहा हूँ।

हमारे सामने ये इतनी कठिनाइयाँ क्यों हैं? मेरे विचार से हमारी समस्याओं का असली समाधान इस बात में है कि हमारी आर्थिक प्रगति तेजी से हो। पर आर्थिक प्रगति नारे लगाने और मंचों पर भाषण देने से, जिनमें मेरा यह भाषण भी सम्मिलित है, नहीं हो सकती। उसके लिए आवश्यकता है कि हम विभिन्न कार्यों की दक्षता प्राप्त करें, और उस दक्षता को उत्पादक कार्यों में लगाएँ। सम्पदा के निर्माण का केवल यही एक मार्ग है। यह तेजी से होने वाली आर्थिक प्रगति ही है, जिससे उद्योग तथा, अन्य प्रकार के आर्थिक और सामाजिक कार्य, आरम्भ होंगे और फैलेंगे। उनमें युवा नर और नारियों को रोजगार प्राप्त करने का अवसर मिलेगा। आज की बेरोजगारी की समस्या

अक्सर यह कहा जाता है कि हमारी नयी पीढ़ी पुरानी पीढ़ी से असंतुष्ट है। हमें यह असंतुष्टि विभिन्न रूपों में दिखाई देती है। इन घटनाओं में, समाजशास्त्रियों और विशेषज्ञों को, कभी-कभी युवकों के विद्रोह के चिह्न दिखाई देते हैं। सरकार, प्रशासक और मैं, समझता हूँ कि, उपकुलपति भी चिंतित हैं, और विद्यार्थियों की इस वैचैनी की ही समस्याओं का समाधान करने के लिए योजनाएँ सोचते हैं। नयी पीढ़ी का यह विद्रोह, केवल इसी देश में नहीं है। संयुक्त राज्य अमेरिका और यूरोप में यह यहाँ से कहीं अधिक है।

प्रश्न यह है कि इस सब में क्या कोई असाधारणता है? मैं चाहता हूँ कि नयी पीढ़ी प्रतिक्रिया करे, परन्तु देश के विधान को ध्यान में रखते हुये, मैं चाहता हूँ कि हमारे युवा नर और नारी पुरानी चली आने वाली वर्तमान व्यवस्थाओं के औचित्य के संबंध में प्रश्न उठाएँ, वे उनसे उत्पन्न रुढ़ियों और व्यवहारों को चुनौती दें। पर विनाशकारी स्तर पर नहीं, रचनात्मक स्तर पर बौद्धिक स्तर पर मैं ऐसे किसी भी व्यक्ति के साथ, जो हमारे वर्तमान सामाजिक ढाँचे, वर्तमान विश्वासों और भावनाओं को बदलना चाहता है, पूर्णतया सहमत हूँगा, पर शर्त यह है कि वह जिसे हटाना चाहते हैं, उसके स्थान पर रखने को कुछ दें, और जो दे हटाई जाने वाली से अच्छा हो। केवल बुरा कहने के लिए, बुरा कहने के साथ मेरी कोई सहानुभूति नहीं है। इस प्रकार, मैं जिस प्रतिक्रिया का स्वागत करूँगा, वह रचनात्मक होगी यदि आप वर्तमान शिक्षा प्रणाली से असंतुष्ट हैं तो जंक्षणिक सुधारों के संबंध में अपने रचनात्मक विचार अवश्य प्रस्तुत कीजिए।

मैं आपको यह सुभाव हल्के दिल से, प्रशंसा प्राप्त करने के लिए नहीं दे रहा हूँ मेरे इस विचार का आधार यह है, जो आगे आने वाला है, उसका कुछ आभास मिल रहा है, आगामी वर्षों में, मेरा विश्वास है कि युवाओं का महत्व संसार में बहुत अधिक बढ़ जायेगा, और वे संसार के मामलों में कहीं अधिक भाग लेंगे इसमें तनिक भी सदेह नहीं है और होना भी ऐसा ही चाहिए, मैं अपने इस विश्वास के समर्थन में केवल एक घटना की चर्चा करूँगा इस वर्ष की पहली जनवरी से ब्रिटिश सरकार ने वालिग होने की आयु को 21 से घटाकर 18 वर्ष कर दिया है, इससे उस देश के मतदाताओं में ऐसे बीस लाख की वृद्धि हो गई है, जिनकी आयु 18 और 21 के बीच में है

वे अब जायदाद खरीद और बेच सकते हैं अन्य कानूनी कार्रवाईयां कर सकते हैं हम ब्रिटेन के सामाजिक गठन पर इस क्रान्तिकारी सुधार के प्रभाव की कल्पना कर सकते हैं, मैं यह भी विश्वास करता हूं कि ब्रिटेन में जो आज हुआ है, वह संसार के बहुत से देशों में होगा, और कुछ दिन देर-सवेर से हमारे देश में भी होगा, हमारे देश की 50 प्रतिशत जनसंख्या की आयु आज 20 वर्ष से कम है, हम समझ सकते हैं कि इससे हमारे देश के मतदाताओं की संख्या में कितनी बड़ी वृद्धि हो जाएगी, और कल्पना कर सकते हैं कि उससे विभिन्न बातों में कितना अन्तर पड़ जाएगा, मैं देखता हूं ग्रेट ब्रिटेन से आरम्भ होने वाले इस सुधार से एक ऐसे नये युग का उदय हो रहा है जिसमें शक्ति और उत्तरदायित्व नव-युवाओं के हाथ में सौंप दिए जाएंगे, पर इस शक्ति का उपयोग करने और इतने उत्तरदायित्व को संभालने के लिये तैयारी की आवश्यकता है, इसके लिए योग्य और ज्ञान-सम्पन्न बनना है, यदि इस देश के युवा अपने कार्य को ठीक से और रचनात्मक रूप से पूरा करें, तो मुझे आगामी वर्षों में इस देश की सामाजिक रचना में बड़े परिवर्तनों की सम्भावना दिखाई दे रही है, इस विषय में मैं बहुत आशापूर्ण हूं ।

मैंने कुछ देर पहले शिक्षा में सुधार की बात कही थी, अभी कुछ दिन हुए, प्रोफेसर वी. के. आर. वी. राव, केन्द्रीय शिक्षा मंत्री महोदय ने घोषणा की है कि देश में तकनीकी शिक्षा पर दृष्टिगत करने के लिए एक कमेटी बनाई जाएगी, यह बड़ी प्रसन्नता का विषय है, हमारे समाज का भविष्य टेक्नोलॉजी की प्रगति के साथ जुड़ा हुआ है, हम एक ग्रामीण समाज से अपने आप को धीरे-धीरे एक ऐसे तकनीकी समाज में बदल रहे हैं जिसको बनाने और चलाने में वैज्ञानिकों और इंजीनियरों को महत्वपूर्ण भाग लेना है, भरे इस कहने का, कि हमारी शिक्षा पद्धति अधिकतर ऐसी परिस्थिति पर आधारित है जो अब काफी बदलती जा रही है, अर्थ यह नहीं कि मैं अपनी इंजीनियरिंग या विज्ञान की शिक्षा-पद्धति में छिद्रान्वेषण कर रहा हूं इंजीनियरिंग व विज्ञान की शिक्षा के भविष्य का आधार हमें उस स्थिति की कल्पना पर रखना होगा जो विज्ञान और टेक्नोलॉजी के क्षेत्रों में आज से 20 या 25 वर्ष बाद आएगी

जब आज एक इंजीनियर काम करता है तो वह उन बातों को व्यवहार में लाता है जो उसने कुछ वर्ष पहले सीखी थी, इसी प्रकार आज की शिक्षा को हमें उस व्यवहार के साथ जोड़ना पड़ेगा, जो 10 या 20 वर्ष बाद आने वाला है, शायद, यह सम्भव हो सकता है कि हम अपने पिछले पच्चीस वर्षों के अनुभव के आधार पर आगामी 25 वर्षों में आने वाली परिस्थितियों की कल्पना कर सकें, यह कल्पना करना उतना सरल नहीं है, जितना कि प्रतीत होता है, पिछले अनुभव के आधार पर की गई कुछ कल्पनाएं उपयोगी हो सकती हैं, पर अधिकतर कल्पनाएं विज्ञान की वर्तमान प्रवृत्तियों के आधार पर करनी होंगी, और तकनीक का भावी विकास इस आधार पर रखना होगा कि टेक्नोलॉजी अधिकाधिक विज्ञान का उपयोग करती जा रही है, इस आधार पर इंजीनियरिंग शिक्षा तथा विज्ञान की शिक्षा में भी आवश्यक परिवर्तन किए जा सकते हैं, विज्ञान और टेक्नोलॉजी का प्रभाव समाज पर पड़ता है, वे सामाजिक परिवर्तनों का स्वरूप निश्चित करते हैं और समाज में होने वाले परिवर्तन शिक्षा पद्धति को प्रभावित करते हैं, इसलिए, भविष्य की कल्पना करने के लिये, हमें यह देखना होगा कि उस समय विज्ञान और टेक्नोलॉजी का स्वरूप उनके आज के रूप से किस प्रकार भिन्न होगा और उनमें समाज में किस प्रकार की प्रतिक्रियाएं उत्पन्न होने की सम्भावनाएं हैं, ये सब समस्याएं हैं, जिनके संबंध में कार्य करना सरल नहीं है, वे पूर्णतया अधिक आयु वाले व्यक्तियों के हाथों में नहीं छोड़ी जा सकती, इसलिए कि वे अपने अतीत के अनुभवों से काफी बंधे हुए होते हैं, इसमें नयी पीढ़ी बहुत प्रभाव डाल सकती है, युवाओं को अपना दृष्टिकोण रचनात्मक रूप से रखना चाहिए, तभी वे अपने भविष्य के निर्माण में सार्थक भाग ले सकेंगे ।

इस संबंध में अपने विश्वविद्यालयों को भी एक नया अवसर मिलेगा, भावी आवश्यकता के अनुसार विज्ञान और तकनीकी शिक्षा का पुनर्गठन ऐसा कार्य है, जिससे कोई विश्वविद्यालय उदासीन नहीं रह सकता, जो विश्वविद्यालय इस सामाजिक नवनिर्माण में आगे रहना चाहते हैं उन्हें समाज का प्रगतिशील दृष्टिकोण अपनाना होगा और विज्ञान और टेक्नोलॉजी को

भी उसी दृष्टि से देखना होगा, उसे अपने शिक्षा और अन्वेषणों की विधियों और सुविधाओं में निरंतर परिवर्तन करने होंगे और सरकार तथा प्रशासकों को निष्पक्ष और तटस्थ परामर्श देना होगा, निकट भविष्य में भारत में भी, जैसा कि अन्य उन्नत देशों में पहले ही हो चुका है, सरकार, उद्योग और विश्वविद्यालय परस्पर एक दूसरे के अधिक सम्पर्क में आएंगे, और इस सम्पर्क के फलस्वरूप प्रगति के एक नवीन सामूहिक प्रक्रम का विकास होगा, मेरा निवेदन है कि हमारे विश्वविद्यालयों को इसके लिए तैयार रहना चाहिए, इसका सफल होने के लिए विद्यार्थी समाज की कामनाओं और विचारों को साथ रखना आवश्यक है ।
